The image shows a SOLIDWORKS software interface. On the left, the FeatureManager design tree is visible, listing various features and their sub-components. The main workspace displays a 3D model of a mechanical part, which appears to be a flanged cylindrical component with a stepped bore. To the right of the 3D model are two 2D orthographic views: a front view at the top and a top view below it. The front view shows a total width of 200, a central slot of 100, and a shoulder height of 20. The top view shows an outer diameter of 180, a central slot of 80, and a shoulder height of 20. Both views include dimension lines and leader lines indicating specific feature sizes.
