Immune system - Treatment with Homeopathy and Schuessler salts (homeopathic cell salts) Robert Kopf, 2018-07-06 The immune system is highly complex and very important for our health. It is responsible for the elimination of invaders, antigens such as infectious organisms. The cells of the immune system can kill bacteria, parasites, tumor cells, and virus-infected cells. One of the most common signs of immunodeficiency is an increased susceptibility to infections and other health problems to occur more easily. Causes of immunodeficiency are an acidification of the body, metabolic and hormonal disorders, chronic inflammation, emotional stress, general fatigue, inadequate sleep, environmental toxins, nutrient deficiency, and particularly primary immunodeficiency diseases. In this naturopathic adviser, I will give you recommendations how to treat and prevent immunodeficiency naturally with Homeopathy. Schuessler salts, also named cell salts, tissue salts, and herbal tinctures. I will present you the most proven homeopathic remedies and Schuessler salts, including the appropriate potency and dosage. Naturopathy works holistically. It does not treat single symptoms only. It treats the whole body, mind, and soul. I wish you much success, joy in life, and especially your health.

If you have tinnitus, it is usually something you are desperate to get rid of. Tinnitus quite frankly hasn't taken up a lot of room when it comes to research on the various treatments. Some of the best ways to manage tinnitus is through alternative and natural remedies. This is where **Tinnitus No More** can help. In **Tinnitus No More**, you will learn how to recognize Tinnitus, 3 proven steps to curing Tinnitus by changing your diet, 6 time-tested and proven strategies for treating Tinnitus naturally, WARNING: 3 things you should never do when it comes to treating Tinnitus.
