Thus Spake Zarathustra:

Thus Spoke Zarathustra Friedrich Wilhelm Nietzsche, 2005 A landmark work of philosophy and of literature Thus Spoke Zarathustra is the fullest expression of Nietzsche's belief that the object of mankind should lie in its highest individuals In his thirtieth year Zarathustra the archetypal Übermensch representative of supreme passion and creativity abandons his home for the mountains where he lives literally and figuratively on a level of experience far above the conventional standards of good and evil The exuberant poetic testimony of Nietzsche's great messianic hero and alter ego is a vivid demonstration of the philosopher's genius

Thus Spake Zarathustra Friedrich Nietzsche, Friedrich Wilhelm Nietzsche, 2003 Zarathustra was Nietzsche's masterpiece the first comprehensive statement of his mature philosophy and the introduction of his influential and well known and misunderstood ideas including the overman or superman and the will to power It is also the source of Nietzsche's famous and much misconstrued statement that God is dead Though this is essentially a work of philosophy it is also a masterpiece of literature a cross between prose and poetry A considerable part and parcel of Nietzsche's genius is his ability to make his language dance and this is what becomes extraordinarily difficult to translate It has been almost 40 years since Hollingdale's version for Penguin and almost 50 since Kaufmann's However anyone who appreciates the German original knows that these translations are merely adequate While earlier translators have smoothed out the rough edges cut corners and sometimes omitted troublesome passages outright this one honors and respects the original as no other Kaufmann and others are guilty of the deplorable tendency to improve on the original Much is lost by this means to say nothing of the interior rhythms the grace notes the not always graceful but omnipresent and striking puns and wordplays And in not a few instances the current translation improves on Kaufmann's use of English or otherwise clarifies what Nietzsche is really saying

Thus Spake Zarathustra Friedrich Wilhelm Nietzsche, 2009-01-01 Thus Spake Zarathustra is an important philosophical text by German philosopher Friedrich Nietzsche In it he begins his exploration of morality questioning the assumption of Christianity or Judaism as a basis for morality He wrote about the death of God and the Übermensch superhuman who would have supreme morality Ironically Nietzsche mimics the style of the Bible fictionalizing Zarathustra as his protagonist
