Jeff walks you through getting to know your Apple Watch, including how to pick one out if you haven't already, along with topics that teach you how to navigate among the watch's screens with the physical controls, taps on the screen, and Siri. You'll also find advice on customizing watch faces and sharing them with others, taking advantage of the electrocardiogram (ECG) capability, blood oxygen sensor, and temperature sensor on supported models, getting the notifications you want, handling text and voice communications using Apple's core apps, and monitoring your heart rate, hearing, and monthly cycle to improve your overall health.
