Leon Bradlow,Guiseppe Carruba,2009-03-30 The expression and activity of key enzymes of sex steroid metabolism have major implications in both development and progression of various human hormone related tumors including breast prostate lung and liver cancer This volume explores the role of local synthesis of steroid hormones a process that has assumed an increasing importance in our understanding about several malignancies originating from steroid target tissues wherein abnormal levels of individual steroids may promote tumor growth In this framework a divergent expression and or activity of key gonadal steroid enzymes including dehydrogenases hydroxylases sulfotransferases sulfatases and aromatase may eventually lead to a differential accumulation of hormone derivatives with divergent biological activities in individual target tissues This is of crucial importance in predicting the overall biological impact that sex steroids have on peripheral target tissues and hence on their potential role in cancer development and or progression The volume focuses on five key enzymes in the metabolism of sex steroids 1 17 hydroxysteroid dehydrogenase 2 5 reductase 3 hydroxylases and catechol oxy methyltransferase 4 sulfatase sulfotransferases and glucuronidase and 5 aromatase The organization of the volume is designed to provide an updated picture of the existing knowledge about the association between steroid enzyme expression function and the development and or progression of major human cancers including classical breast prostate and nonclassical lung liver hormone related tumors The resulting inferences for diagnosis prognosis and treatment are also presented along with the experimental basis for developing preventive measures NOTE Annals volumes are available for sale as individual books or as a journal For information on institutional journal subscriptions please visit [www blackwellpublishing com](http://www.blackwellpublishing.com) nyas ACADEMY MEMBERS Please contact the New York Academy of Sciences directly to place your order [www nyas org](http://www.nyas.org) Members of the New York Academy of Science receive full text access to the Annals online and discounts on print volumes Please visit [www nyas org membership main asp](http://www.nyas.org/membership/main.asp) for more information about becoming a member **Natural Genetic Engineering and Natural Genome Editing, Volume 1178** Günther Witzany,2009-11-23 This volume presents manuscripts stemming from the conference Natural Genetic Engineering and Natural Genome Editing held on July 3 6 2008 Salzburg Austria page V **The Year in Evolutionary Biology** ,2009 **The International Migration Review** ,2009 **Oceania** Alfred Reginald

MRI and Ultrasound in the Diagnosis and Management of Rheumatological Diseases, Volume 1154 James D. Katz,Kathleen A. Brindle,New York Academy of Sciences,2009-03-16 Inflammatory Arthritis may encompass a rapidly destructive disorder of joints with associated systemic manifestations The advent of disease modifying therapeutics that promise to halt rheumatoid arthritis RA disease progression has escalated the clinical importance of early diagnosis and subsequent assessment of remission Magnetic Resonance Imaging MRI is an advanced imaging technique with the capability to identify RA lesions before such changes become manifest on conventional radiographs In this manner MRI may refine the clinician s ability not only to diagnose RA but also to monitor disease over time and consequently more deftly adjust therapy This volume provides a systematic and thorough overview on the subject NOTE Annals volumes are available for sale as individual books or as a journal For information on institutional journal subscriptions please visit [www blackwellpublishing com](http://www.blackwellpublishing.com) nyas ACADEMY MEMBERS Please contact the New York Academy of Sciences directly to place your order [www nyas org](http://www.nyas.org) Members of the New York Academy of Science receive full text access to the Annals online and discounts on print volumes Please visit [http www nyas org MemberCenter Join.aspx](http://www.nyas.org/MemberCenter/Join.aspx) for more information about becoming a member **The Challenges of Systems Biology** Gustavo Stolovitzky,Pascal Kahlem,Andrea Califano,2009-05-18 At a microscopic level organisms are ruled by interacting systems of biomolecules Historically scientists painstakingly elucidated chains of molecular events using experiments that reveal individual interactions although they recognized that members of different pathways frequently interact In recent years researchers have built richer interconnected networks to mathematically

summarize their knowledge of these interactions This systems biology enterprise largely stimulated by high throughput tools like microarrays that measure mRNA levels as an indicator of gene expression is a vital and increasingly important activity in both basic biology and in medicine A nagging concern however is how accurately these networks represent the biology For complex systems like biological networks there are practical limits on how well even massive amounts of data can uniquely define the underlying structure and yield useful predictions of measurable events Indeed although its advocates call this process reverse engineering the topology and the detailed molecular interactions of the inferred networks will likely never be known with precision This volume captures the ongoing process to assess the ability of scientists and their computer servants to infer networks from experimental data by comparing their predictions to gold standard networks whose structure is thought to be known NOTE Annals volumes are available for sale as individual books or as a journal For information on institutional journal subscriptions please visit [www blackwellpublishing com](http://www.blackwellpublishing.com) nyas ACADEMY MEMBERS Please contact the New York Academy of Sciences directly to place your order [www nyas org](http://www.nyas.org) Members of the New York Academy of Science receive full text access to the Annals online and discounts on print volumes Please visit [www nyas org membership main asp](http://www.nyas.org/membership/main.asp) for more information about becoming a member
