Media Crossroads Paula J. Massood, Angel Daniel Matos, Pamela Robertson Wojcik, 2021-02-08 The contributors to *Media Crossroads* examine space and place in media as they intersect with sexuality race ethnicity age class and ability Considering a wide range of film television video games and other media the authors show how spaces from the large and fantastical to the intimate and

virtual are shaped by the social interactions and intersections staged within them. The highly teachable essays include analyses of media representations of urban life and gentrification, the ways video games allow users to adopt an experiential understanding of space, the intersection of the regulation of bodies and spaces and how style and aesthetics can influence intersectional thinking. Whether interrogating the construction of Portland as a white utopia in *Portlandia* or the link between queerness and the spatial design and gaming mechanics in the *Legend of Zelda* video game series, the contributors deepen understanding of screen cultures in ways that redefine conversations around space studies in film and media. Contributors: Amy Corbin, Desiré J. Garcia, Joshua Glick, Noelle Griffis, Malini Guha, Ina Rae Hark, Peter C. Kunze, Paula J. American Chinese Restaurants

Jenny Banh, Haiming Liu, 2019-09-05. With case studies from the USA, Canada, Chile and other countries in Latin America, *American Chinese Restaurants* examines the lived experiences of what it is like to work in a Chinese restaurant. The book provides ethnographic insights on small family businesses struggling immigrant parents and kids working, living and growing up in an American Chinese restaurant. This is the first book based on personal histories to document and analyze the American Chinese restaurant world. New narratives by various international and American contributors have presented Chinese restaurants as dynamic agencies that raise questions on identity, ethnicity, transnationalism, industrialization, post-modernity, assimilation, public and civic spheres and socioeconomic differences. *American Chinese Restaurants* will be of interest to general readers, scholars and college students from undergraduate to graduate level who wish to know Chinese restaurant life and understand the relationship between food and society.

How to Reach Japan by Subway

Meghan Warner Mettler, 2018-06-01. Japan's official surrender to the United States in 1945 brought to an end one of the most bitter and brutal military conflicts of the twentieth century. U.S. government officials then faced the task of transforming Japan from enemy to ally, not only in top level diplomatic relations but also in the minds of the American public. Only ten years after World War II, this transformation became a success as middle class American consumers across the country were embracing Japanese architecture, films, hobbies, philosophy and religion. Cultural institutions on both sides of the Pacific along with American tastemakers promoted a new image of Japan in keeping with State Department goals. Focusing on traditions instead of modern realities, Americans came to view Japan as a nation that was sophisticated and beautiful yet locked harmlessly in a timeless Oriental past. What ultimately led many Americans to embrace Japanese culture was a desire to appear affluent and properly tasteful in the status conscious suburbs of the 1950s. In *How to Reach Japan by Subway*, Meghan Warner Mettler studies the *shibui* phenomenon in which middle class American consumers embraced Japanese culture while still exoticizing this new aesthetic. By examining *shibui* through the popularity of samurai movies, ikebana flower arrangement, bonsai cultivation, home and garden design and Zen Buddhism, Mettler provides a new context and perspective for

understanding how Americans encountered a foreign nation in their everyday lives **Pacific Islands Monthly** ,2000
