**A Return to Common Sense** Leigh McGowan, 2025-11-04 A political book for non political people from viral TikTok sensation PoliticsGirl Something's gone wrong in the Land of the Free and the Home of the Brave We can all feel it but if we're being honest most of us don't understand it At the end of the day we don't have all the facts and if you don't know how something works how do you fix it A Return to Common Sense is a concise no nonsense dare we say fun guide to how America works and a roadmap to reclaiming a government of by and for the people If we truly want to be a land of freedom and opportunity where everyone has a shot at a good life we must acknowledge the ideals of America are in danger but worth saving We fought a revolutionary war for the idea of self governance and pursuit of happiness we can't just give up on it now To address the crisis Leigh McGowan offers Six American Principles Six ideals rooted in history that we can all agree make America America 1 America is a land of freedom 2 Everyone should have the opportunity to rise 3 Every citizen should have a vote and that vote should count 4 Representatives should represent the people who elected them 5 The law applies to all of us 6 Government should be a force for good Using the Six Principles as guideposts this book will lay out suggestions for America to not only find its way out of the mess it's currently in but to set a course for a future of which we can all be truly proud It's time to find the courage to step out of our comfort zones and off our team benches to reboot America If we start here we start strong We can fix this but the way forward starts with understanding *THE GREAT REVIVAL: Dance, Music, AI, and the Return of Human Connection* Sherridean Abdeen, 2025-11-30 THE GREAT REVIVAL is a visionary roadmap for the next 30 years of human culture It argues that the key to the future is not the abandonment of the past but the fusion of it Drawing from the joy of the 1950s the creative fire of the 1960s the rhythmic unity of the 1970s and the bold innovation of the 1980s this book reveals how these eras hold the missing ingredients the modern world desperately needs As technology accelerates and AI becomes a creative partner rather than a threat humanity stands on the edge of a Great Revival a cultural rebirth driven by music movement community and collective energy We are entering an era where small towns become cultural hotspots dance becomes medicine again creators lead entire movements and the digital world reconnects people instead of dividing them This book is both a history and a prophecy showing readers how merging nostalgia with modern innovation will unlock a vibrant future filled with creativity hope connection and unstoppable human energy It's not just a book it's a call to rise revive and rebuild the soul of human entertainment *The Return of Hegemonic Masculinity* Conrad Riker, 101-01-01 Why Modern Men Are Starving for Purpose And How to Fix It Without Apologizing Tired of being called toxic for wanting to lead protect or compete Sick of watching boys raised to be beta bureaucrats instead of warriors Feel like marriage is a rigged game where you pay pray and lose Exposes why gender equality is a myth that ignores 200 000 years of evolutionary biology Debunks the lie that male leadership caused oppression not collapse Reveals how feminism weaponizes divorce courts to turn men into tax mules Data driven proof that societies thrive under patriarchy and implode under

matriarchy Uncensored case studies From Churchill s grit to why tech giants N E E D male brains How to dodge the toxic masculinity trap while staying unapologetically strong Why fatherlessness breeds chaos and how to rebuild the nuclear family The 1 reason modern women are miserable hint it s not men s fault If you want to silence the guilt trippers reclaim your biological birthright and lead a life feminists can t cancel buy this book today before they ban it *Psychology and Work Today* Carrie A.
