changed for all of us At a time when apologists have seemed to dominate the trend in regarding Kennedy assassination publishing it is important to swing the pendulum back toward the rational conclusion that something was deliberately taken from us the course of our future was compromised and it was those we most trusted not a crazed outlier who engineered it all This is a very important book and a must read for those of us who care Steve Stelle author of On shaky ground Coup d etat is a must read for those of us who were of voting age during those turbulent times at the end of Camelot and who recall the strange goings on of the Warren Commission Hearings There were so many loose ends that have never been woven into a concise and believable explanation until now David Hall author of The Rose     **No More Silence** Larry A.
