

real choice, it just means we haven't seen the shotgun aimed at our navel." (p. 399) We can hardly consider this is a non-important side remark that has no general value. This vision of the world is all the more important and effective in the readers when we know it is carried by Dexter himself, the character we are identifying with.

Enjoy the frightening yet maybe sometimes humoristic story.

Dr Jacques COULARDEAU

JEFF LINDSAY – DOUBLE DEXTER – HE'S BACK AND DEADLIER THAN EVER

This one starts well and ends well, but in-between it is a real mess.

Dexter has become so soft in the head that he has lost his really deep nature and alertness. He is slow, he is not able to anticipate what is coming, to be at least one shot ahead of the opponent and this time the opponent is terrible.

The opponent is a frustrated man in all possible ways. He is a baseball player who did not even manage to succeed in Little League. He is an expert in computer science and internet manipulation who is nevertheless too slow and misses predicting what he is really causing himself. How could he ever think he could go through tailing Dexter when he had done what was necessary for Sergeant Doakes, the mutilated monstrous anti-Dexter cop, to be tailing Dexter too. Dexter cannot really survive with two tails: one has to get the other and that is the end of it, of both of them I mean. That is in a way a guarantee for Dexter to succeed even when he is at a disadvantage.

That opponent is essentially someone who has no real personality, who hates his ex-wife who has managed to make him hate her, but he made one mistake one day: he witnessed one of Dexter's play games. What a mistaken inspiration went through his head to be curious about a derelict car parked in a foreclosed house! But he will pay for that, hard and sharp.

The worst part is that in fact he has no imagination, and he is a copycat. He copies Dexter with his own ex-wife, but he does not have the talent. He uses a carpenter's saw to slice up the body. He then copies another criminal's murders to put Dexter into real trouble with his own department, and he succeeds rather well but his copycat copying is rather sloppy and signed by the use of a baseball bat instead of a special hammer used by house demolition workers, some kind of sledgehammer. Killing on the first blow and breaking the skin whereas the real psycho he is imitating was careful not to kill on the first blow to keep the victim alive and suffering as long as possible and never breaking the skin not to spill one drop of blood: suffering, slow death, entirely internal. Bad copycat.

In spite of the use by Dexter of Brian, his own brother, to clean up the plate, that criminal was intelligent enough to escape that menace by being one person who was still alive and hence got the blow instead of him. That leads to a marvelous finish in some Tortugas islands and Tortugas National Park, feeding sharks with body parts, playing bathers with turbaned towels on their heads, driving speed boats if not small yachts, around and so many fascinating vacation activities for the kids.

The final confrontation is deadly for the one you may expect, sends Dexter back into public oblivion, enables Rita to buy a big, foreclosed house in an auction, provides the kids with a lot of fun, the family with a deluxe and free suite in Key West and extra dinners for free too, and a lot of good recollections about that month of July. At the same time, we can wonder if Dexter is not aging too fast and is not going to be overtaken by his own kids. He still is vicious, insensitive, inhuman, very skilled, but he seems at times as if he had been hit on the head with a cast iron skillet that made him slow.

This novel is funny but strange at times. The depicting of Rita is hilarious. She cannot finish one sentence before starting another, uttering a completely incoherent discourse. She is in many ways depicted as a caricature of sanity and organization, and yet an extremely over-effective roller-coaster of a housewife that never ends worrying about others and bothering others, definitely obsessive and compulsive, in one word OCD-ed to the heart and the core of the mind. Some will say that this female character only counterbalanced by Dexter's sister who is an OCD-ed police officer, reveals in a way the hostility of the author to women, not sexist but at the level of what they are best in life: their supposed light-headedness and their real one-
