BESTSELLER One of those life changing reads that makes you see or in this case hear the whole world differently. Megan Angelo, author of *Followers*. At times chilling, often funny and always perceptive and cogent, *Cultish* is a bracing reminder that the scariest thing about cults is that you don't realize you're in one till it's too late. Refinery29.com The New York Times bestselling author of *The Age of Magical Overthinking* and *Wordslut* analyzes the social science of cult influence. How cultish groups from Jonestown and Scientologists to SoulCycle and social media gurus use language as the ultimate form of power. What makes cults so intriguing and frightening. What makes them powerful. The reason why so many of us binge Manson documentaries by the dozen and fall down rabbit holes researching suburban moms gone QAnon is because we're looking for a satisfying explanation for what causes people to join and more importantly stay in extreme groups. We secretly want to know: could it happen to me? Amanda Montell's argument is that on some level it already has. Our culture tends to provide pretty flimsy answers to questions of cult influence, mostly having to do with vague talk of brainwashing. But the true answer has nothing to do with freaky mind control wizardry or Kool Aid. In *Cultish*, Montell argues that the key to manufacturing intense ideology, community and us-them attitudes all comes down to language. In both positive ways and shadowy ones, cultish language is something we hear and are influenced by every single day. Through juicy storytelling and cutting original research, Montell exposes the verbal elements that make a wide spectrum of communities cultish, revealing how they affect followers of groups as notorious as Heaven's Gate but also how they pervade our modern start-ups, Peloton leaderboards and Instagram feeds. Incisive and darkly funny, this enrapturing take on the curious social science of power and belief will make you hear the fanatical language of cultish everywhere. **Amari and the Night Brothers** B. Perfect for fans of *Tristan Strong Punches a Hole in the Sky*, the *Percy Jackson* series and *Nevermoor*. Amari Peters has never stopped believing her missing brother Quinton is alive. So when she finds a ticking briefcase in his closet containing a nomination for a summer tryout at the Bureau of Supernatural Affairs, she's certain the secretive organization holds the key to locating Quinton. If only she can wrap her head around the idea of magicians, fairies, aliens and other supernatural creatures all being real.
