**Apple in China** Patrick McGee, 2025-05-13 THE NEW YORK TIMES BESTSELLER Absolutely riveting Peter Frankopan author of *The Silk Roads* Disturbing and enlightening Chris Miller author of *Chip War* Hugely important Rana Foroohar author of *Makers and Takers* A once in a generation read Robert D Kaplan author of *Waste Land* As Trump wages a tariff war with China seeking to boost domestic electronics manufacturing this book offers an unparalleled insight into why his strategy is embarrassingly naïve Apple isn't just a brand it's the world's most valuable company and creator of the 21st century's defining product The iPhone has revolutionized the way we live work and connect But Apple is now a victim of its own success caught in the middle of a new Cold War between two superpowers On the brink of bankruptcy in 1996 Apple adopted an outsourcing strategy By 2003 it was lured to China by the promise of affordable ubiquitous labour As the iPod and iPhone transformed Apple's fortunes their sophisticated production played a seminal role in financing training supervising and supplying Chinese manufacturers skills Beijing is now weaponizing against the West Investigative journalist Patrick McGee draws on 200 interviews with former Apple executives and engineers to reveal how Cupertino's choice to anchor its supply chain in China has increasingly made it vulnerable to the regime's whims Both an insider's historical account and a cautionary tale *Apple in China* is the first history of Apple to go beyond the biographies of its top executives and set the iPhone's global domination within an increasingly fraught geopolitical context **ICEMME 2022** Nikolaos Freris, Qinghai Li, Harsh Kumar, 2023-02-15 It is our great pleasure to have you at the 2022 4th International Conference on Economic Management and Model Engineering ICEMME 2022 which was held in Nanjing China from November 18th to 20th virtual event It is an international forum for academic communications between experts and scholars in the fields of economic management and model engineering The main objective of ICEMME 2022 is to provide a platform to deliberate latest developments and future directions in the fields of economic management and model engineering The conference provided opportunities for the delegates to exchange research ideas and scientific information and established business or research relations for all participants to find global partners for future collaboration **Insane Mode** Hamish McKenzie, 2018 Tells the story of Tesla and argues that under Elon Musk's insane mode leadership the company is bringing an end to the era of gasoline powered transportation *Billboard*, 2009-08-15 In its 114th year Billboard remains the world's premier weekly music publication and a diverse digital events brand content and data licensing platform Billboard publishes the most trusted charts and offers unrivaled reporting about the latest music video gaming media digital and mobile entertainment issues and trends **Comparative Advertising** Fred Beard, 2020-07-06 From auto insurance to ready to eat soups and satellite TV services both national and local advertisers in the United States and increasingly around the world invest a great deal of time and money on ads and campaigns in which they directly identify their competitors or refer indirectly to the other guys Yet business decision makers and advertising creative professionals have long believed that creating successful comparative

advertising can be extraordinarily difficult Many have discovered that a strategic or tactical misstep can easily lead to a disaster such as negative responses from consumers a successful legal challenge from one or more competitors or the escalation of hostilities into an ongoing and damaging comparative advertising war Comparative Advertising History Theory and Practice offers scholars interested in why many business decision makers believe they can win our loyalty by running down a competitor as well as anyone who plans creates or pays for advertising a thorough and timely synthesis of the vast body of historical research theory and professional insights devoted to one of advertising s most frequently debated message tactics The overall goal of this book is to discover answers to a simple question Why do so many advertisers often rely on a message tactic that research and professional experience confirms they frequently regret using

**Technology and Oligopoly Capitalism** Luis Suarez-Villa,2023-04-14 Technology and Oligopoly Capitalism is a major contribution to our understanding of how technology oligopolies are shaping America s social economic and political reality Technology oligopolies are the most powerful socioeconomic entities in America From cradle to grave the decisions they make affect the most intimate aspects of our lives how we work what we eat our health how we communicate what we know and believe whom we elect and how we relate to one another and to nature Their power over markets trade regulation and most every aspect of our governance is more intrusive and farther reaching than ever They benefit from tax breaks government guarantees and bailouts that we must pay for and have no control over Their accumulation of capital creates immense wealth for a minuscule elite deepening disparities while politics and governance become ever more subservient to their power They determine our skills and transform employment through the tools and services they create as no other organizations can They produce a vast array of goods and services with labor marketing and research that are more intrusively controlled than ever as workplace rights and job security are curtailed or disappear Our consumption of their products and their capacity to promote wants is deep and far reaching while the waste they generate raises concerns about the survival of life on our planet And their links to geopolitics and the martial domain are stronger than ever as they influence how warfare is waged and who will be vanquished Technology and Oligopoly Capitalism s critical multidisciplinary perspective provides a systemic vision of how oligopolistic power shapes these forces and phenomena An inclusive approach spans the spectrum of technology oligopolies and the ways in which they deploy their power Numerous previously unpublished ideas expand the repertoire of established work on the topics covered advancing explanatory quality to elucidate how and why technology oligopolies operate as they do the dysfunctions that accompany their power and their effects on society and nature This book has no peers in the literature in its scope the unprecedented amount and diversity of documentation the breadth of concepts and the vast number of examples it provides Its premises deserve to be taken into account by every student researcher policymaker and author interested in the socioeconomic and political dimensions of technology in America
