School-Based Family Counseling for Crisis and Disaster Brian A. Gerrard, Emily J. Hernandez, Sibnath Deb, 2023-04-05
School Based Family Counseling for Crisis and Disaster is a practical handbook with a school based family counseling and interdisciplinary mental health practitioner focus that can be used to mitigate crises and disasters that affect school children. Anchored in the school based family counseling SBFC tradition of integrating family and school mental health interventions, this book introduces interventions according to the five core SBFC metamodel areas: school intervention, school prevention, family intervention, family prevention, and community intervention. The book has an explicit how to approach and covers prevention strategies that build student, school, and family resilience for handling stress and interventions that can be provided during and immediately after a disaster or crisis has occurred. The chapter authors of this edited volume are all experienced professors and/or practitioners in counseling psychology, social work, marriage and family therapy, teaching, and educational administration. All mental health professionals, especially school based professionals, will find this book an indispensable resource for crisis planning and developing a trauma sensitive school. *Ageing, Long-term Care Insurance and Healthcare Finance in Asia* Sabrina Ching Yuen Luk, 2020-01-06 This book uses a revised version of Kingdon's multiple streams framework to examine health financing reforms in China, Hong Kong, Taiwan, and the Republic of Korea (ROK) as well as long term care insurance (LTCI) reforms in Japan and Singapore. It shows that the explanatory power of the multiple streams framework can be strengthened through enriching the concepts of policy entrepreneurs' ideas and windows of opportunity in the original framework as well as bringing the theoretical lens of historical institutionalism into the framework.
