Winning on Purpose

Fred Reichheld,Darci Darnell,Maureen Burns,2021-12-07 Great leaders embrace a higher purpose to win The Net Promoter System shines as their guiding star Few management ideas have spread so far and wide as the Net Promoter System NPS Since its conception almost two decades ago by customer loyalty guru Fred Reichheld thousands of companies around the world have adopted it from industrial titans such as Mercedes Benz and Cummins to tech giants like Apple and Amazon to digital innovators such as Warby Parker and Peloton Now Reichheld has raised the bar yet again In *Winning on Purpose* he demonstrates that the primary purpose of a business should be to enrich the lives of its customers Why Because when customers feel this love they come back for more and bring their friends generating good profits This is NPS 3 0 and it puts a new take on the age old Golden Rule treat customers the way you would want a loved one treated at the heart of enduring business success As the compelling examples in this book illustrate companies with superior NPS consistently deliver higher returns to shareholders across a wide array of industries But winning on purpose isn't easy Reichheld also explains why many NPS practitioners achieve just a small fraction of the system's full potential and he presents the newest thinking and best practices for doing NPS right He unveils the Earned Growth Rate EGR the first reliable complementary accounting measure that can truly leverage the power of NPS With keen insight and moving personal stories Reichheld advances the thinking and practice of NPS *Winning on Purpose* is your indispensable guide for inspiring customer love within your own teams and using Net Promoter to achieve both personal and business success

Confident Computing for the Over 50s

Bob Reeves,2010-03-26 Do you feel that you have been left behind in the technological revolution Assuming no prior knowledge of using a computer this book is written in a practical light hearted and non technical style to take the terror out of the technology Bob Reeves approaches the subject in a highly accessible way focusing on the computer applications of most interest to middle and third agers including correspondence photography shopping online personal budgets and researching your family history It begins with the very basics and ends with an invaluable jargonbuster glossary The book is made up of a series of self contained chapters with the emphasis on what the computer is being used for rather than the software needed For example rather than a chapter on word processing there is a chapter on letter writing rather than desktop publishing there is making a newsletter and making cards for all occasions rather than one on digital photography there is getting photographs on to the computer etc There will be clear instructions supported with screenshots tips and hints throughout This approach sets it apart from other books on basic computer skills as it covers what you really want to do with your computer breaking down any technical barriers and making the book totally relevant to the novice computer user
