Through The Minds Eye:

Through the Mind's Eye Ralph Maxwell Lewis, 1982-02-01 **Through Minds' Eyes** Ryan J. Hite, 2013-03-27 This is a book of history ethics and philosophy It is a record of teachings passed down through the generations from the East and the West It contains the fullness of the sealed covenant established between man and the laws of the universe As we evolve as a race we take things out of our lives because we better understand who we are and what we have achieved The divine refers to the laws of nature and the universe that guide us in our everyday lives The creator that guides our everyday lives is not something that we should worship or pray to out of fear or love it is something that remains unseen and works in natural forces to explain all the events that happen on Earth It is merely a force and it is not necessary to belong to a group to experience the light The path to the light is straight and broad The creator of the universe is a divine and intellectual force by which all things came into being The sealed covenant is a pact between all of humanity to the world around us and the universal laws that guide our everyday lives to come together and love one another and come to make the world a better place for all people This shall usher in the evolution of religious traditions and humanity to a new age of prosperity

Seeing with the Mind's Eye Mike Samuels, Nancy Samuels, 1975 This book opens the mind s eye to the inner world whether as memories fantasies dreams or visions Over 100 illustrations **Mind's Eye Vision** Keagan Caea, 2020-11-14 We live in a world of shadows and illusions and of lies and deception Finding our way through this stifling darkness requires that we learn how to recognize fraudulent distortion in all its forms Shunning any and every preconceived notion that has been planted and giving ourselves the ability to truly understand our own truth This is what we call MIND S EYE VISION which is the ability to see with the mind and not only the eyes And is something that is critical to our wellbeing for while the eyes sees mostly illusions an awaken mind has the ability to see through all deception This book has been written with one sole purpose which is to remove the veil has placed over our eyes and to break the chains that have been used to shackle our minds It is a very short book consisting of only three chapters but the words that lie within are sharper than the blade of a razor Each chapter is separated into what the author conveniently call keys because they are the keys to conquests for anyone who manages to attain mastery of them and must thus be carefully articulated for they will only serve to sharpen the mind One has to tread very carefully for knowledge of this caliber has the ability to blow minds to oblivion and is ultimately dependent on the individual s level of enlightenment something that negates the effect of the shock and softens the blow of what is revealed As individuals we must learn how to comprehend the nature of the world we live in to develop a heightened sense of things and to see people and organizations for what they really are and not what they present themselves as Accomplishing this will demand self discipline and a conviction that will strengthen our resolve by ensuring that we deduce the truth behind our own history A history that must be extrapolated from the wisdom that is attained through evidence and one that will allow us TO KNOW THY ORIGINS TO KNOW THY SELF and TO KNOW THY ENEMY **The Mind's Eye** Oliver
