NOTES:

Classification 1 = Live parts are exposed on one side of the working space and/or live parts are exposed on both sides of the working space, but are all sufficiently guarded for insulated handling.

Classification 2 = Live parts are exposed on one side of the working space and insulated parts are exposed on the other side of the working space. Tools are insulation to be protected if made of composite, glass, or tile.

Classification 3 = Live parts are exposed on both sides of the working space.
