## **Symbol And Sacrament A Contemporary Sacramental Theology:**

*Symbol and Sacrament* Michael G. Lawler, 1987-01-01      **Symbol and Sacrament** Louis-Marie Chauvet, 1995 This work comes at an opportune hour a time in which many complain that contemporary theology lacks a general theory of sacraments Chauvet charts a reorientation in sacramental theology from the scholastic treatments which appropriated the metaphysical categories of causality and substance to develop an essentially instrumentalist appreciation of grace in favor of an approach through the category of symbol In this approach the subject is as much grasped and transformed by the symbolic representation as is the object being interpreted Chauvet commands a wealth of scholarship which he deploys to powerful effect His work in developing a foundational theology of sacramentality will remain the standard for years to come

**Recovering the Evangelical Sacrament** Anthony R. Cross, 2012-12-06 The subject of baptism continues to be of considerable interest though it frequently appears within broader studies of sacraments liturgy worship and ecumenical studies and within confessional bounds credobaptist or paedobaptist yet it is rarely discussed by Evangelicals This book however is neither an apologetic for credobaptism nor paedobaptism rather Cross believes that as practiced today both forms are a departure from New Testament baptism which he maintains was an integral part of becoming a Christian and part of the proclaimed gospel He argues that the one baptism of Ephesians 4:5 is conversion baptism and that the baptism referred to in the various New Testament strata refers to this one baptism of Spirit and water The study sets out the case for this interpretation and contends that in key passages baptism is an example of synecdoche The case is then made for a sacramental interpretation of baptism from a thoroughgoing Evangelical perspective Cross concludes with reflections on the necessity of baptismal reform and the relevance of a return to conversion baptism for the contemporary church in a post Christian post Christendom mission setting      *Signs of Freedom* Martinez, German, 2003 A comprehensive innovative and coherent vision of the sacraments that takes into account current biblical theological liturgical and ministerial developments and challenges the reader to a new awareness of their spiritual power to transform communities and lives      *Each in Our Own Language* Benjamin Durham, 2025 Durham plumbs the depths of symbol and meaning in rural America arguing that understanding rural Americans symbolic world is essential to forming social conditions where love might flourish Durham draws attention to symbol's social function something with which rural Christian ministry theological ethics and rural sociology must reckon      **Commodified Communion** Antonio Eduardo Alonso, 2021-06-01 WINNER 2021 HTI BOOK PRIZE Resist This exhortation animates a remarkable range of theological reflection on consumer culture in the United States And for many theologians the source and summit of Christian cultural resistance is the Eucharist In *Commodified Communion* Antonio Eduardo Alonso calls into question this dominant mode of theological reflection on contemporary consumerism Reducing the work of theology to resistance and centering Christian hope in a Eucharist that might better support it he argues undermines our ability to talk about the activity of God within a consumer culture By reframing the question in terms

of God's activity in and in spite of consumer culture this book offers a lived theological account of consumer culture that recognizes not only its deceptions but also traces of truth in its broken promises and fallen hopes

**A General Doctrine of the Sacraments and the Mystery of the Eucharist** Johann Auer, 1995 In *A General Doctrine of the Sacraments* Johann Auer aims to achieve a deeper understanding of the inner structure of the sacraments and of how they determine the structure of our Christian existence In *The Mystery of the Eucharist* Auer takes account of the biblical historical and theological aspects of the Church's teaching on the Eucharist

**The Sacraments, Grades 11-12** Michael Pennock, 1993-03 Written in accord with the Catechism of the Catholic Church and rooted in the sound catechetical principles of the National Catechetical Directory these texts present a well defined curriculum model that stresses clear objectives careful organization and creative methods and evaluation procedures to check the attainment of goals Very flexible allowing teachers to select materials to highlight and stress each text can be implemented on various grade levels for a quarter a semester or a full year depending on the length and frequency of class meetings This text begins with a discussion of the wonders of God's love in such things as creation the incarnation forgiveness and salvation followed by a call to respond to this love through faith and loving service A chapter on signs symbols and sacraments gives a solid foundation for understanding Catholic sacramental theology This prepares the way for a discussion of each of the seven sacraments that covers the historical developments the way the sacrament is celebrated today and the ways students can live the reality of each of the sacraments in their lives

Ressourcement Thomism Romanus Cessario, 2010 The essays in this volume explore three areas in which St Thomas Aquinas's voice has never fallen silent sacred doctrine the relationship of sacraments and metaphysics and the central role of virtue in moral theology

**Sacramental Theological Thinking in the African Symbolic Universe** Isidore Okwudili O. Igwegbe, 1995

**Proceedings of the sixty-third annual convention / Canon Law Society of America : Albuquerque, New Mexico, October 8-11, 2001** Canon Law Society of America, 2001

**The Sacraments** Michael J. Taylor, 1981 Well chosen and readable anthology of articles on contemporary sacramental theology

**Church, Worship, and History** Daniel C. Hauser, 1997 Dr Hauser's study provides insights into the unity in tension between Protestant and Catholic Churches The first four chapters examine the interrelationship between sacramental worship and the historicity of the Church from a Protestant generally Lutheran perspective present in the thought of Ernst Fuchs and others The second part of the study examines the same interrelationship from the Roman Catholic perspective as this has been developed by Hans Urs von Balthasar and others

**Ala Di Mma in Umuohiagu** Gerald Chukwudi Njoku, 2014 Among other relevant issues this book adds new insights to the proposed Igbo Christian rites of reconciliation Towards an inculturation the resolutorial equations of the Igbo cultural method of reconciliation oriko in ala di mma are balanced with the sacrament of reconciliation in operational life of the people who are pastorally concerned In this context the author refers to the Owerri archdiocesan working document on emume nsacha na ndozi meaning a ritual of purification

and peace as well as to the Igbo Christian rite of reconciliation proposed by Augustine Echema The method of these new rites is para liturgical in nature which highlights the importance of reconciliation of human beings with themselves their neighbours and God whenever sin has taken place Paradoxically this new method of reconciliation can broaden ecumenism and strengthens the social cultural political and religious lives of the people In this sense reconciliation can be seen as a natural spiritual cord that ties people to themselves and to God in a communal and Christian environment *Rituals in Abundance* Gerard Lukken,2005 Rituals are closely linked with culture This book is a consideration of Christian ritual in our culture It was originally written particularly with an eye to the ritual developments in The Netherlands which can be considered as representative for our Western European culture It has been revised and expanded for the English edition As in other European countries in the 1960s Dutch society witnessed a serious crisis in ritual The situation was paradoxical While under the influence of the Second Vatican Council and the Liturgical Movement in the Catholic churches there was a great creativity with regard to ritual ritual was gradually disappearing from the society at large and participation in Christian ritual was rapidly draining away A religious void arose However since then the situation has changed fundamentally Rituals were rediscovered in the 1990s indeed to such an extent that one can now speak of rituals in abundance In this book the author sketches out the directions and sets out signposts for where ritual is going in contemporary culture He traces the peculiar characteristics of ritual indicates what shifts have taken place and tries to further define the identity of various rituals In doing this he concentrates on the question of the place of Christian ritual in our culture How is Christian ritual connected with the many rites in our culture What new shape is it taking on in our culture In the midst of the other rites what is the peculiar identity of Christian ritual In this book the accent is on the anthropological approach to Christian ritual it works from the bottom up The book seeks answers to the questions being asked in the discipline of ritual studies which particularly since the second half of the 1980s has arisen as an important realm or stage on which different disciplines studying ritual come together Eucharist as Meaning Joseph C. Mudd,2014 This study moves beyond postmodern trends in Catholic eucharistic theology by exploring the works of Bernard Lonergan and Louis Marie Chauvet Having learned from both Chauvet s critique of metaphysics and Lonergan s development of a critical metaphysics we hope to offer a fruitful understanding of traditional eucharistic doctrines that is able to respond to some contemporary problems and shed some light on the great mystery that stands at the center of Christian worship from the introduction Postmodern theologians have been critical of using metaphysics to interpret the presence of Christ in the Eucharist liturgical sacrifice and sacramental causality preferring instead a symbolic approach Lonergan s critical metaphysics however offers an account of knowing and being that resists attempts to pit metaphysics against the symbolic and moves sacramental theology into the real world of meaning The result is a theology of the Eucharist grounded in tradition that speaks to today s believers The Discussion of the Ordination of Women to the Priesthood Among Roman Catholics in the United States, 1977-1987 Daniel J. Trapp,1989

**Christ Among Us** Anthony J. Wilhelm, 1990 This is the clearest most broadly based accessible presentation of Catholic Christianity available today Christ Among Us presents Catholicism as it has emerged from VATICAN II addressing questions of doctrine theology tradition and practice exploring important issues of faith and morality      **Toronto Journal of Theology** ,1988      **Pro Ecclesia** ,2000
