Katherine Sonderegger follows her monumental volume on the doctrine of God with this second entry of her Systematic Theology which explores the doctrine of the Holy Trinity Locating her analysis first in the Hebrew Scriptures Sonderegger examines the thrice holy God that is proclaimed to Isaiah in the sanctuary and manifested in the sacrifice of the temple The book of Leviticus read in conversation with Exodus unfolds the doctrine of the Trinity under the character of holiness In the one God Trinity speaks of the life movement and self offering of God who is the eternal procession of goodness and light In Israel's sacrificial covenant the triune God is perfect self offering the eternal descent of the Father of Lights is the offering who is Son eternally received and hallowed in the one who is Spirit Anchoring the theology of the Trinity in Israel's Scriptures in this way elevates the processions over the persons exploring the mystery of the Divine Life as holy rational and good The Divine Persons named in the New Testament cannot be defined but may be glimpsed in the notion of perfection a complete and perfect infinite set In all these ways the Holy Trinity may be praised as the deep reality of the life of God **Forthcoming Books** Rose Arny, 2002 **Systematic Theology: Volume Two** Paul Tillich, 2013-12-27

The second volume of the eminent Christian philosopher's magnum opus in which he explores humanity's quest for Christ Paul Tillich's Systemic Philosophy is the most comprehensive and definitive presentation of his groundbreaking theological message his method of correlation which finds the answers to humanity's most urgent existential dilemmas in the principles of Christian revelation In volume two of this three volume work Tillich comes to grips with the central idea of his system the doctrine of the Christ Here Tillich describes the human predicament as the state of estrangement from ourselves from our world and from the divine Ground of Being This situation drives us to the quest for a

new state of things in which reconciliation and reunion conquer estrangement This is the quest for the Christ *Religious and Theological Abstracts*, 2004 **The Churchman**, 1900 Reformed Systematic Theology, Volume 2 Joel Beeke, Paul M. Smalley, 2020-11-16 The aim of systematic theology is to engage not only the head but also the heart and hands Only recently has the church compartmentalized these aspects of life separating the academic discipline of theology from the spiritual disciplines of faith and obedience This multivolume work brings together rigorous historical and theological scholarship with spiritual disciplines and practical insights characterized by a simple accessible comprehensive Reformed and experiential approach In this volume Joel R Beeke and Paul M Smalley shift from the doctrine of God theology proper to the doctrine of humanity anthropology and the doctrine of Christ Christology This extensive reformed theology explores the Bible s teaching about who we are and why we were created as well as who Jesus is and why his divinity is essential to the Christian faith Jesus, Humanity and the Trinity Kathryn Tanner, Tanner offers not a repetition of doctrines but a creative synthesis of key Christian principles especially the transcendence and gift giving of God and contemporary experience What emerges is a profound yet precise vision of creation God s life and our participation in it While consonant with traditional teachings Tanner s dynamic speculative theology is universal in its range mystical in its outlines and deeply ethical in its relations with all God s gifted creatures Jesus Humanity and the Trinity not only takes stock of Christian belief in a time of tumultuous intellectual and cultural change It also finds in that ferment a life giving meaning and mission for Christian life

been attempted in such a wide and deep dialogical mode *Advancing Trinitarian Theology* Zondervan, 2014-11-04 An Exploration of Different Issues in the Doctrine of the Trinity Throughout the last century theologians gave great attention to the doctrine of the Trinity and they largely succeeded in restoring it to a central place in Christian thought But as they highlighted the novelty of the revolutionary new trinitarianism a number of generalizations crept into the discussion that requires a careful reevaluation of the classical tradition Trinitarian Theology the subject of the second annual Los Angeles Theology Conference sought to make constructive progress in the doctrine of the Trinity by aligning the trinitarian revival with the ongoing task of retrieving the classical doctrine of the Trinity The nine diverse essays in this collection include discussions on Ways to clarify the doctrine of the Trinity without sacrificing its essential mystery The ways in which trinitarian theology applies practically to the Christian life and mission Highlighting the counter revolutionary trends in the most recent trinitarian thought Discourse on the role Karl Barth played in advancing trinitarian thought Each of the essays collected in this volume engage with Scripture as well as with others in the field theologians both past and present from different confessions in order to provide constructive resources for contemporary systematic theology and to forge a theology for the future
