*Pakistan's Inter-Services Intelligence Directorate* Owen L. Sirrs, 2016-07-01 This book is the first comprehensive study of Pakistan's Inter Services Intelligence Directorate ISI The rise of Pakistan backed religious extremist groups in Afghanistan India and Central Asia has focused international attention on Pakistan's premier intelligence organization and covert action advocate the Inter Services Intelligence Directorate or ISI While ISI is regarded as one of the most powerful government agencies in Pakistan today surprisingly little has been written about it from an academic perspective This book addresses critical gaps in our understanding of this agency including its domestic security mission covert backing of the Afghan Taliban and its links to al Qaeda Using primary source materials including declassified intelligence and diplomatic reporting press reports and memoirs this book explores how ISI was transformed from a small negligible counter intelligence outfit of the late 1940s into the national security behemoth of today with extensive responsibilities in domestic security political interference and covert action This study concludes that reforming or even eliminating ISI will be fundamental if Pakistan is to successfully transition from an army run national security state to a stable democratic society that enjoys peaceful relations with its neighbours This book will be of interest to students of intelligence studies South Asian politics foreign policy and international security in general

*The Dynamics of States* Klaus Schlichte, 2016-12-05 State domination in the non Western world is hallmarked by its constantly shifting character This stimulating book develops a new approach to the study of state formation and state erosion to explain dynamics that neither follow the pathways of development nor the rule of stagnation that dependency theory once suggested Carefully edited by Klaus Schlichte this book provides a fresh angle to the study of states with an attempt to overcome Weber with Weber The

approach focuses on the historical authenticity of states and their institutional frameworks describing the trajectories taken as they react to the effects of changes in their international and local social environments The emphasis laid on the specific characteristics of individual states does not however lead to the theoretical difficulty of a new contextual relativism The conceptual design employs sociological categories developed by Max Weber Norbert Elias Michel Foucault Pierre Bourdieu and others

**History of Pakistan Army - Volume One- 1757 to 1948-Low Cost Black and White** Agha Amin,2017-05-11 This book is the history of the post 1947 Pakistan Army as seen through the eyes of an officer who served in this army for a certain period of time Unlike many books it is not an attempt to glorify an organisation It does not aim to prove that one religion is better than another is or one country is more pure than another is while the other is an evil state It does not project any party or political leader like many post 1958 post 1971 or post 1977 works pertaining to the history of the Pakistan Army do There are no silent soldiers or visionary soldiers projected as heroes as has been done in many post 1988 books financed off course by dirty money of US dollars siphoned off from the Afghan war There are however some forgotten or neglected heroes which this book seeks to rehabilitate or at least endeavour to restore them to their rightful position The prime motivation to write this book was disgust with deliberate distortion of history to a lesser or greater degree in both Pakistan and India The Indian military history situation is far better than Pakistan because a democratic system ensured that the Indian Army officers were more free to write critical accounts of all three wars a right which was denied to their Pakistani counterparts by two paper tiger soldiers who not only destroyed all political institutions in Pakistan but also inflicted incalculable loss on the army as an institution Ironically a substantial part of Pakistani military history has been distorted by the negative effects of the deliberate efforts of military and civilian dictators who usurped

power from 1958 to 1988 three fateful decades which disrupted intellectual growth of the Pakistani nation and ensured that no progress is made in real intellectual terms in anything to do with history When freedom of opinion was destroyed and intellectual growth was suffocated under able sycophantic civil servants and army officers in the role of intellectual watchdogs of Ayub Zia and Bhutto regimes A significant part of the work deals with the various myths and misconception pertaining to Indo Muslim political and military history Unfortunately modern authors without sufficient scrutiny accepted many of these myths and resultantly many of these myths have acquired the status of reliable and irrefutable facts Since the Pakistan Army like the Indian Army is essentially the continuation of the old British Indian Army an effort has been made to highlight the formative and decisive influence of the colonial heritage on the post 1947 performance of both the armies In this regard an attempt has been made to analyse the failures and successes of the post 1947 army in relation to the pre 1947 British operational and tactical concepts
