## **We Are The Washitaw The Washitaw Doctrine:**

**We are the Washitaw** ,1996      Escaping the Delusions of Culture Sterling T. Anderson,2023-04-12 As I began to write what originally started out to be a family orientated portrayal of which much still is race and the influence of politics and religion became increasingly important factors to acknowledge They are inextricably bound together in the consciousness of America Decisions made by elected and unelected officials affect virtually every aspect of our lives whether we know it or not Where buildings are built where roads are constructed where services are and are not provided how the administration of justice is meted out the list goes on These decisions are ultimately made by the political class The attitudes of those holding office will affect how these resources are allocated If there is a price to be paid by those decisions it s felt by those with the least political and financial clout The book is broken up into many different segments all of which play a part in either illuminating particular themes mentioned above sharing family insights and of high priority to the writer rising in the mind of the reader the desire to question the previously unquestioned and if motivated challenge those previously unquestioned assumptions I hope the reader finds this book as interesting to read as I found it to write      *The Aliites* Spencer Dew,2019-08-20 Citizenship is salvation preached Noble Drew Ali leader of the Moorish Science Temple of America in the early twentieth century Ali s message was an aspirational call for black Americans to undertake a struggle for recognition from the state one that would both ensure protection for all Americans through rights guaranteed by the law and correct the unjust implementation of law that prevailed in the racially segregated United States Ali and his followers took on this mission of citizenship as a religious calling working to carve out a place for themselves in American democracy and to bring about a society that lived up to what they considered the sacred purpose of the law In *The Aliites* Spencer Dew traces the history and impact of Ali s radical fusion of law and faith Dew uncovers the influence of Ali s teachings including the many movements they inspired As Dew shows Ali s teachings demonstrate an implicit yet critical component of the American approach to law that it should express our highest ideals for society even if it is rarely perfect in practice Examining this robustly creative yet largely overlooked lineage of African American religious thought Dew provides a window onto religion race citizenship and law in America      **We are the Washitaw** Washitaw International Human Rights Network,2006      **The Book of Curiosities** John Platts,2022-06-02 In *The Book of Curiosities* John Platts compiles an expansive compendium of the astonishing and peculiar providing a lens into the marvels of the natural world and human invention The tome serves as both an encyclopedia and a dictionary weaving ten thousand entries that traverse geography history and the myriad phenomena observed in both the natural and the artificial realms Platts employs a narrative style that blends meticulous research with an accessible approach inviting readers to partake in a journey through the obscure and the wondrous Positioned at the intersection of natural history and cultural studies his work provides a panoramic view of global curiosities as seen through the lenses of ancient and contemporary perspectives John Platts is distinguished by his endeavor to encapsulate a vast array

of human knowledge bridging the gap between scholarly exploration and public intrigue His background and interests evidently led him to explore a diverse spectrum of subjects from the mundane to the extraordinary The excerpt provided sheds light on the depth of investigation that Platts embarks upon shedding new understanding on ancient concepts with thought provoking clarity This depth is illustrative of Platts commitment to redefining the boundaries of conventional wisdom and presenting a holistic view of the world s curiosities The Book of Curiosities is a must read for enthusiasts of encyclopedic works and those with an unquenchable thirst for knowledge It is a treasure trove for the intellectually curious for educators seeking illustrative examples to spark wonder and for anyone who delights in the strange tapestry of history s mysteries John Platts effort to immortalize these curiosities in print offers endless fascination and opens the door to a world where the line between the ordinary and the extraordinary is magically blurred

**Shadowlands** Anthony McCann, 2019-07-02 Los Angeles Times Bestseller An epic exploration of the 2016 right wing Oregon Occupation an excellent microcosm by which we might better understand our difficult national history and distressing political moment Maggie Nelson In 2016 a group of armed divinely inspired right wing protestors led by Ammon Bundy occupied the Malheur National Wildlife Refuge in the high desert of eastern Oregon Encamped in the shadowlands of the republic insisting that the Federal government had no right to own public land the occupiers were seen by a divided country as either dangerous extremists dressed up as cowboys or as heroes insisting on restoring the rule of the Constitution From the Occupation s beginnings to the trials of the occupiers in federal court in downtown Portland and their tumultuous aftermaths Shadowlands is the resonant multifaceted story of one of the most dramatic flashpoints in the year that gave us Donald Trump Sharing the expansive stage with the occupiers are a host of others Native American tribal leaders public lands ranchers militia members environmentalists federal defense attorneys and Black Lives Matter activists each contending in their different ways with the meaning of the American promise of Liberty Gathering into its vortex the realities of social media technology history religion race and the environment this piercing work by Anthony McCann offers us a combination of beautiful writing and high stakes analysis of our current cultural and political moment Shadowlands is a clarifying exhilarating story of a nation facing an uncertain future and a murky past in a time of great collective reckoning
