We Are Unique My Family's Journey With Cerebral Palsy:

Reflections from a Different Journey Stanley D. Klein, John D. Kemp, 2004 Presents 40 stories by successful adults who grew up with disabilities. They provide insights into what it is like to persevere in the face of community prejudices and what it takes for families and children with disabilities to work together toward fulfillment. While there are many books for parents on raising a child with a disability, this is the first to help them learn from people with disabilities and to help children face the unique challenges and rewards of growing up with a disability. It will also encourage and inspire older children and adults with disabilities, other family members, and education and health care professionals who serve these families. Publisher's description **They Created Us** Denise Mercado, 2006-11 Click this link to read a review of *They Created Us*. *They Created Us* is a family's journey through the disability world that begins with their second son's encounter with Hflu meningitis at six months of age. Through their journey, you will learn the complexities of the bureaucracy along with strategies to maneuver through a sometimes unresponsive system. Special Education, Medicaid Waivers, EPSDT, and Independent Case Management are all part of a family's world when their child experiences disabilities. This family's journey uncovers injustices and allows opportunity for basic rights to be realized throughout the systems that were put in place to help children with disabilities.
