The Half of It Madison Beer, 2023-04-25 A memoir from singer-songwriter Madison Beer chronicling the past decade of her life spent in the spotlight, the ups, the downs, and the in-betweens that you won't see on social media. Discovered at twelve years old, Madison Beer was one of the first artists to have her entire life documented online. Over the past decade, she has navigated the spotlight as a child through her teenage years and now as a young woman in her twenties. In *The Half of It*, Madison pulls back the curtain to show the behind-the-scenes of her journey from reckoning with mass hate online and the time her private pictures were leaked to battling suicidal thoughts while making her highly acclaimed debut album *Life Support* and her recovery since then. This memoir is an honest and unflinching account of self-love, mental health, and advocacy from one of the fastest-rising musical voices and most influential social media presences of her generation. It hammers home the point more striking and urgent than ever that no matter how close the internet may make us feel to people we truly don't know, the half of it.
