## **We The Jury We The Jury:**

We, the Jury Jeffrey B. Abramson, 2000 This magisterial book explores fascinating cases from American history to show how juries remain the heart of our system of criminal justice and an essential element of our democracy No other institution of government rivals the jury in placing power so directly in the hands of citizens Jeffrey Abramson draws upon his own background as both a lawyer and a political theorist to capture the full democratic drama that is the jury We the Jury is a rare work of scholarship that brings the history of the jury alive and shows the origins of many of today's dilemmas surrounding juries and justice

We, the Jury Robert Rotstein, 2018-10-23 We the Jury has what most legal thrillers lack total authenticity which is spellbinding James Patterson On the day before his twenty first wedding anniversary David Sullinger buried an ax in his wife's skull Now eight jurors must retire to the deliberation room and decide whether David committed premeditated murder or whether he was a battered spouse who killed his wife in self defense Told from the perspective of over a dozen participants in a murder trial We the Jury examines how public perception can mask the ghastliest nightmares As the jurors stagger toward a verdict they must sift through contradictory testimony from the Sullingers children who disagree on which parent was Satan sort out conflicting allegations of severe physical abuse adultery and incest and overcome personal animosities and biases that threaten a fair and just verdict Ultimately the central figures in We the Jury must navigate the blurred boundaries between bias and objectivity fiction and truth

**We, the Jury** Greg Beratlis, Tom Marino, Mike Belmessieri, Dennis Lear, Richelle Nice, John Guinasso, Julie Zanartu, Frank Swertlow, Lyndon Stambler, 2007-01-01 We the Jury is the dramatic story of seven jurors who convicted Scott Peterson of murdering his wife Laci and their unborn son Conner despite a series of internal battles that brought the first major murder trial of the 21st century to the brink of a mistrial The Peterson jurors argued and disagreed but eventually bonded to seal the fate of the icy killer who dumped his victims into the bullet gray waters of San Francisco Bay The seven jurors of We the Jury were seven average Americans who never imagined the horrors they would face or the phantoms that would haunt them after they convicted the enigmatic murderer and recommended that he be put to death This is the story of how the American jury system worked after being battered by critics for the way it functioned in the trials of O J Simpson and Michael Jackson Unlike the jurors in those trials who second guessed themselves the Peterson jurors do not question their decisions It wasn't one thing that condemned Scott Peterson it was everything
