Now, the Democrats of Texas again are going to beat the  
Mr. Eisenhower just as we did in 1952 when more than a million  
Texans gave him an overwhelming majority.

We won for the then because he was the man who could  
and would end the unrest over in Korea, bring back integrity  
to Washington and return our Goldwater.

These things he did.

He kept his promises, as Goldwater did not.

The Texas Democrats for Eisenhower believe in straightforward  
sound principles of the Democratic Party. Many of us have long  
supported this party.

But we have measured the standards of the two major  
parties and for many years past, morally and politically,  
there is no comparison. That's why Dwight D. Eisenhower is a better  
President than Goldwater.

That's why, and you will be needed to keep alive Texas  
Democratic principles. Let us hear from you.

**Blood and Sand** Alex von Tunzelmann, 2016-10-11 Artfully integrates the complex simultaneous Suez and Hungarian crises of 1956 into a single story of Cold War conflict as no one has before Publishers Weekly The year 1956 was a turning point in history Over sixteen extraordinary days in October and November the Suez Crisis and the Hungarian Revolution pushed the world to the brink of a nuclear conflict and what many at the time were calling World War III Blood and Sand relates this story hour by hour through an international cast of characters Anthony Eden the British prime minister caught in a trap of his own making Gamal Abdel Nasser the bold young populist leader of Egypt David Ben Gurion the strong willed founding prime minister of Israel Guy Mollet the bellicose French prime minister and Dwight D Eisenhower the American president torn between an old world order and a new one in the very same week that his own fate as president was to be decided by the American people This is a fresh new account of these dramatic events and people one that for the first time sets both crises in the context of the global Cold War the Arab Israeli conflict and the treacherous power politics of imperialism and oil Blood and Sand resonates strikingly with the problems of oil control religious fundamentalism and international unity that face the world today and is essential reading for anyone concerned with the state of the modern Middle East and Europe This thrilling ticktock brings the emotional core of geopolitical maneuvering into dramatic focus with portraits of leaders variously honorable pigheaded irresolute pusillanimous and susceptible to mood swings *The New Yorker*
