## **Welfare The Family And Reproductive Behavior Research Perspectives:**

**Welfare, the Family, and Reproductive Behavior** Committee on Population, Commission on Behavioral and Social Sciences and Education, Division of Behavioral and Social Sciences and Education, National Research Council, 1998-06-26 The design of welfare programs in an era of reform and devolution to the states must take into account the likely effects of programs on demographic behavior. Most research on welfare in the past has examined labor market issues although there have also been some important evaluations of the effects of the Aid to Families with Dependent Children Program on out of wedlock childbearing. Much less information is available on other issues equally central to the debate including effects on abortion decisions, marriage and divorce, intrafamily relations, household formation and living arrangements. This volume of papers contains reviews and syntheses of existing evidence bearing on the demographic impacts of welfare and ideas for how to evaluate new state level reforms

### **Background Material and Data on Major Programs Within the Jurisdiction of the Committee on Ways and Means**

United States. Congress. House. Committee on Ways and Means, 2004

**Background Material and Data on Major Programs Within the Jurisdiction of the Committee on Ways and Means**, 2004 *Stating the Family* Julie Novkov, Carol Nackenoff, 2020-05-07 Glance at a political party's platform, catch a politician's speech, sample the news and you will find the family not as a mere group of people living together in the private sphere but as a contentious entity at the center of political disputes and policy debates over everything from marriage equality and gender identity to immigration and welfare reform. The key role of the family in politics and public policy so often relegated to the outer margins of political science and theory comes in for long overdue consideration in this volume. Bringing together political scientists and legal scholars of wide ranging interests and perspectives, *Stating the Family* explores the role of the family in American political development as a focus of political struggle, a place where policy happens, a means of distributing governmental goods and a way of relating individuals to the state and to each other in legal terms. While the authors gathered here examine important

policy questions that relate to the family including immigration welfare citizenship partisanship and ideology they pay particular attention to changes in family structures and responsibilities in light of the rise of neoliberalism Illustrated with case studies some contemporary some historical their essays provide individual takes on different links between family and politics creating a nuanced conversation on this complex topic The result is a multifaceted view of the family s place in the development of American political institutions and a unique understanding of the work that family does to structure politics and that politics does to structure families

*Green Book, 2004: Background Material and Data on Programs Within the Jurisdiction of the Committee on Ways and Means, March 2004*, 2004-05 2004 Green Book Background Material and Data on Programs Within the Jurisdiction of the Committee on Ways and Means March 2004 18th edition Provides information about Federal assistance programs including social security medicare supplemental security income unemployment compensation railroad retirement trade adjustment assistance Aid to Families with Dependent Children child support enforcement child care child protection foster care and adoption assistance tax provisions and the Pension Benefit Guaranty Corporation 108th Congress 2d Session

American Journal of Public Health ,1999-07

**Revitalizing the Institution of Marriage for the Twenty-First Century** Alan J. Hawkins,Lynn D.

Wardle,David Orgon Coolidge,David Coolidge,2002-01-30 As divorce rates in the United States reach alarming levels the institution of marriage receives more and more criticism as an unrealistic endeavor However the contributors to this volume view marriage as a vital social institution not merely one kind of intimate relationship They argue for stronger support through legal and policy reform in order to strengthen for the benefit of individuals communities and the nation The contributors address hot button issues such as same sex marriage effects of divorce on children and the role of fathers in addition to issues such as the permanence of marriage covenant marriage and the role of religion in marriage This work brings together the work of respected legal scholars and social scientists who articulate why we should care about strengthening the institution of marriage what we can do and what challenges we face Despite dramatic social change marriage remains a critical social institution that promotes individual family and community well being The contributors to this book believe that marriage deserves our best efforts to revitalize it instead of a conscious agenda of benign neglect Here assembled in one place is a clear pro marriage research and policy agenda aimed at revitalizing this insititution based on principles of the best interests of children husbands and wives and society at large Contributors from both the social sciences and legal studies illuminate critical issues from a variety of important perspectives providing a comprehensive and respectful treatment of a timely and often divisive subject

**Topics in Maternal and Infant Health ,2002** This volume demonstrates the great diversity in the types of problems being faced around the world and the kinds of solutions being evaluated in the area of maternal and infant health A completely new Introduction by Dr Gregory Pappas Deputy Director for Health ORC

Macro International looks at past approaches and possible future areas of inquiry into this important health area A Foreword by Dr Barbara Hatcher APHA Director of Scientific and Professional Affairs focuses on health disparities as they relate to maternal and infant health Excellent for classroom use **Discussion Papers** ,2001 **International Encyclopedia of the Social & Behavioral Sciences** Neil J. Smelser,Paul B. Baltes,2001 The largest work ever published in the social and behavioural sciences It contains 4000 signed articles 15 million words of text 90 000 bibliographic references and 150 biographical entries

**Children and the Law** Douglas E. Abrams,Sarah H. Ramsey,2003 This casebook emphasizes doctrine policy and practice It presents three central themes the interrelated rights and obligations of children parents and government ways the legal system assesses and uses children s competence to shape regulation and the role of the child s lawyer Volume covers several relevant international law issues including the UN Convention on the Rights of the Child international child labor and U S tobacco exports to children overseas The authors have devoted entire chapters to the representation of children the meaning of parent abuse and neglect the foster care system adoption medical decision making support and other financial responsibilities protective legislation and delinquency **Work, Welfare and Politics** Frances Fox Piven,2002 From an editorial team that includes Piven one of the foremost academic critics of conservative ideologies and practices surrounding welfare reform including that of Bill Clinton s comes 22 essays that explore a wide range of political economic ideological and social issues surrounding the implementation of the Orwellian named Personal Responsibility and Work Opportunity Act of 1996 and the slashing of Aid to Families with Dependent Children program as well as current efforts to expand upon those assaults on the social safety net The articles are separated into sections that respectively deal with the politics and ideology of welfare reform with Piven describing a politics of greed the central issues of motherhood and sex associated with reform ideology critiques of the stated rationales for the Work First ideology welfare reform as a method of social control and repression of the poor the effects of reform on family well being its impact on state and local systems and political efforts to reverse the damage of reform Annotation copyrighted by Book News Inc Portland OR

**The Journal of Markets & Morality** ,2006 **IRP Reprint Series** ,1966 **The Impact of Social Policy and Economic Activity**

*Throughout the Fertility Decision Tree* Phillip B. Levine,2002 This paper considers the impact of changes in abortion and welfare policies along with economic conditions over the 1985 to 1996 period at each stage of the fertility decision tree including sexual activity contraception pregnancy abortion and birth Examining the impact of policy at each stage of the decision tree represents a useful approach because consistent findings provide stronger evidence of a causal link than focusing on just one stage The abortion policies considered are parental involvement laws and mandatory waiting periods welfare policies include benefit generosity as well as state level welfare waivers as a whole and the family cap State level data over this period are used to examine abortion birth and pregnancy outcomes while microdata from the 1988 and 1995 National Surveys of Family Growth are employed to examine sexual activity and contraception For those policies that target

certain subgroups of the population estimates are provided separately for each group and compared to help further identify causality I find that parental involvement laws increase contraception use among minors leading to fewer pregnancies and therefore fewer abortions teen births do not rise in response Evidence regarding welfare policies does not consistently support any impact throughout the decision tree *Deliberative Choices* Gary Mucciaroni,Paul J. Quirk,2006 In *Deliberative Choices* Gary Mucciaroni and Paul J Quirk assess congressional deliberation by analyzing debate on the House and Senate floors
