Stacy Aumonier was a British author and playwright born in 1877. He was a prolific writer known for his skillful short stories and contributions to the theater. Aumonier's works often explored themes of human nature, humor, and social dynamics. As an editor of the anthology, he played a crucial role in curating and promoting the best of British short fiction during the early 20th century.

Kubrick Robert P. Kolker, Nathan Abrams, 2024-02-06 The definitive biography of the creator of 2001 A Space Odyssey, The Shining, and A Clockwork Orange, presenting the most in-depth portrait yet of the groundbreaking filmmaker. The enigmatic and elusive filmmaker Stanley Kubrick has not been treated to a full-length biography in over twenty years. Stanley Kubrick: An Odyssey fills that gap. This definitive book is based on access to the latest research, especially Kubrick's archive at the University of the Arts London, as well as other private papers plus new interviews with family members and those who worked with him. It offers comprehensive and in-depth coverage of Kubrick's personal, private, public, and working life. Stanley Kubrick: An Odyssey investigates not only the making of Kubrick's films but also about those he wanted but failed to make, like *Burning Secret*, *Napoleon*, *Aryan Papers*, and *A.I.* Revealingly, this immersive biography will puncture the controversial myths about the reclusive filmmaker who created some of the most important works of art of the twentieth century.

Movies and the Modern Psyche Sharon Packer, 2007-09-30 By looking at the interactions between cinema and psychology, Packer offers readers clear and basic insights into some of the most fundamental reasons why film is such an important influence upon our lives today. *Movies and the Modern Psyche* first describes the basic concepts of psychoanalysis, experimental psychology, behavioral conditioning, and hypnosis, which have all played major roles in the histories of both film and psychiatry. It then goes on to discuss the recent rise in film therapy, drug treatments, treatment for drug abuse, and the closing of asylums to show how shifts in treatment techniques, theories, and settings are foreshadowed and fossilized by film. Psychology and cinema are kindred cousins born at the same time and developing together so that each influences the other. From the mind-controlling villains that occupy early horror films and Cold War thrillers like *Caligari*, *Mabuse*, and *The Ipcress File* to the asylums that house numberless political allegories and personal dramas in *Shock Corridor*, *Spellbound*, *One Flew over the Cuckoo's Nest*, and *Girl Interrupted* to the drugs, phobias, and disorders that pervade so many of our favorite films, including as a small sample *Vertigo*, *Night of the Hunter*, *Psycho*, *Rainman*, *Fight Club*, *Requiem for a Dream*, and *Batman Begins*, there is no escaping either psychology in the movies or the movies in psychology. By looking at the interactions between cinema and psychology, this book offers readers clear and basic insights into some of the most fundamental reasons why film is such an important influence upon our lives today. *Movies and the Modern Psyche* first describes the basic concepts of psychoanalysis, experimental psychology, behavioral conditioning, and hypnosis, which have all played major roles in the histories of both film and psychiatry. It then goes on to discuss the recent rise in film therapy, drug treatments, treatment for drug abuse, and the closing of asylums to show how shifts in treatment techniques, theories, and settings are foreshadowed and fossilized by film.

Time and the Hour, 1896 **American Film and Society since**

1945 Leonard Quart, Albert Auster, 2018-04-19 From Steven Spielberg's Lincoln to Clint Eastwood's American Sniper this fifth edition of this classic film study text adds even more recent films and examines how these movies depict and represent the feelings and values of American society One of the few authoritative books about American film and society American Film and Society since 1945 combines accessible fun to read text with a detailed insightful and scholarly political and social analysis that thoroughly explores the relationship of American film to society and provides essential historical context The historical overview provides a capsule analysis of both American and Hollywood history for the most recent decade as well as past eras in which topics like American realism Vietnam counterculture revolutions and 1960s films and Hollywood depictions of big business like Wall Street are covered Readers will better understand the explicit and hidden meanings of films and appreciate the effects of the passion and personal engagement that viewers experience with films This new edition prominently features a new chapter on American and Hollywood history from 2010 to 2017 giving readers an expanded examination of a breadth of culturally and socially important modern films that serves student research or pleasure reading The coauthors have also included additional analysis of classic films such as To Kill a Mockingbird 1962 and A Face in the Crowd 1957
