Becoming a Multicultural Educator William A. Howe, Penelope L. Lisi, 2023-08-30 *Becoming a Multicultural Educator* Fourth Edition focuses on the development and application of research based curriculum instruction and assessment strategies for multicultural education in PK-12 classrooms. This practical book prepares readers to teach in culturally responsive ways, develop a critical understanding of culture and its powerful influence on teaching and learning, and feel empowered to confront and address timely issues. [Mathematics Methods for Elementary and Middle School Teachers](#) Mary M. Hatfield, 2004-04-29 An activity based approach to teaching with an emphasis on using manipulatives to build conceptual understanding. This invaluable book combines practical teaching ideas, video examples, updated assessment techniques, and the NCTM Assessment Standards to give teachers all the background they need to introduce elementary and middle school students to the wonders of mathematics. *How to Give Effective Feedback to Your Students* Susan M. Brookhart, 2017-03-10 Properly crafted and individually tailored feedback on student work boosts student achievement across subjects and grades. In this updated and expanded second edition of her best selling book, Susan M. Brookhart offers enhanced guidance and three lenses for considering the effectiveness of feedback: 1. Does it conform to the research? 2. Does it offer an episode of learning for the student and teacher? 3. Does the student use the feedback to extend learning? In this comprehensive guide for teachers at all levels, you will find information on every aspect of feedback, including: Strategies to uplift and encourage students to persevere in their work; How to formulate and deliver feedback that both assesses learning and extends instruction; When and how to use oral, written, and visual, as well as individual, group, or whole class feedback; A concise and updated overview of the research findings on feedback and how they apply to today's classrooms. In addition, the book is replete with examples of good and bad feedback, as well as rubrics that you can use to construct feedback tailored to different learners, including successful students, struggling students, and English language learners. The vast majority of students will respond positively to feedback that shows you care about them and their learning. Whether you teach young students or teens, this book is an invaluable resource for guaranteeing that the feedback you give students is engaging.
