But there are strict rules and few choices. Every year on Assignment Day the path of each eighteen-year-old's life is laid out. Some are given the jobs for which they have shown exceptional aptitude and are paired for mating. The others are sent off to fight in The War and never return. When Assignment Day comes for Seven the assignments shatter everything she's ever believed. The rules force everyone to accept their fates but Seven decides to do something unprecedented to go against the Decision Makers' wishes. ABOVE THE SKY tells the story of a girl who grows up in a dystopian future society founded on lies. Filled with constant suspense, surprising twists, forbidden romance, imaginative adventure, and thought-provoking philosophy, ABOVE THE SKY is perfect for readers who enjoyed THE HUNGER GAMES by Suzanne Collins, DIVERGENT by Veronica Roth, THE MAZE RUNNER by James Dashner, ENDER'S GAME by Orson Scott Card, and THE GIVER by Lois Lowry. Praise for ABOVE THE SKY: Quality writing 5 stars Ginger The Spank and Ginger Show. A phenomenal story. Kept me guessing page after page. A must-read. Amanda Goodreads. O M G This book was AWESOME. An epic read. Lynne writes a bestseller. If you are a fan of YA dystopian fiction and love books like The Hunger Games, Divergent, and The Maze Runner, this book is right up your alley. Five stars Stephanie Goodreads. *Genesis Awakened* R. K. Lee, 2020-11-02 They created the virus to end human life. She has a chance to change their fate. A new Sci Fi

Within the barricaded city of Cull, daily scans, blood samples and symptom checkpoints have kept Citizens safe for over three hundred years. For Elora, the government's weekly administered anti-toxin is a way of life. Praise the Empire for health and safety. When citizens start defying the laws of humanity as she knows it, Elora will be faced with an unthinkable choice: remain in life-long safety free of dreams, hope and the highs and lows of human emotions, or follow the first person to make her feel something into the disease-ridden world. Awaken or remain Citizen: it's time for your scan. The first book in the Tri Mortal Series, *Genesis Awakened*, will enliven your soul and keep you begging for more. Be on the lookout for the upcoming titles in the next best Sci-Fi Dystopian series: *Genesis Rising* (Book 2 in the Tri Mortal Series, March 2021), *Genesis Dawning* (Book 3 in the Tri Mortal Series, July 2021). Rave reviews of *Genesis Awakened*: It is very apparent that R.K. Lee put great heart and effort into writing a story that appeals to and is appropriate for readers of varying ages. Her command of the English language leaves you in awe. You will find yourself getting lost in the story. R. Chapman I love this. To go through the main character's discovery of herself, those around her, and what life really is, but not knowing whether it's the first time or the 100th time, captures one's intrigue. Is it reality? Is it conspiracy? Is it truth? Is it lies? Is it all a big combination of everything? Or is it none of the above? It's difficult to put the book down for wanting to find out. The author really shows the conflict of the world around the characters as well as the conflict within the characters themselves. Definitely a must-read for any sci-fi dystopian fiction reader. S. Stevens *The Loop 3: the Arc* Ben Oliver, 2022-01-10. Luka Kane was executed in front of a jeering crowd, but before he died, he opened one pair of eyes to the truth. Chester Chilly Beckett's Except Luka isn't dead at all. A bold escape sets in motion a race against time as Happy's world-ending plans draw to a climax. Survival K.A. Riley, 2019-08-18. In the year 2043, with the nation destroyed by war, seventeen-year-old Kress and her Conspiracy of friends embark on a dangerous cross-country mission to locate and recruit other Emergents, the name given to teenagers who have begun to exhibit strange evolutionary abilities. Now Kress has to figure out who is friend and who is foe as she risks everything to expose the government's lies and take down the tyrannical President Krug once and for all. Picking up where the *Resistance Trilogy* leaves off, the stand-alone *Emergents Trilogy* follows Kress and her Conspiracy on a daring quest to restore democracy and truth to the country. **Return to the Sky** Jenny Lynne, 2016-07-26. Kaufman,Lou Aronica,2013-10 BOOK 1 of The Verona Trilogy Young Adult Post Dystopian FictionIt s the 24th century and humans with the help of artificial intelligences A I s have finally created the perfect post dystopian society To make equally perfect citizens for this world the elders have created History Camps full sized recreations of cities from Earth s distant pasts Here teens live the way their ancestors did doing the same dirty jobs and experiencing the same degradations History Camps teach youths not to repeat the mistakes that almost caused the planet to die But not everything goes to plan In this first of a trilogy we meet three spoiled teens in the year 2347 Hansum almost 17 is good looking and athletic Shamira 15 is sassy independent and an artistic genius Lincoln 14 is the smart aleck But you don t have to scratch too far beneath the surface to find his insecurities These three hard cases refuse the valuable lessons History Camps teach But when they are kidnapped and taken back in time to 1347 Verona Italy they only have two choices adapt to the harsh medieval ways or die The dangers are many their enemies are powerful and safety is a long way away It s hardly the ideal environment to fall in love but that s exactly what happens In an attempt to survive the trio risks introducing technology from the future It could save them or it could change history Series Overview *The Lens and the Looker* is the first book of The Verona Trilogy It s followed by *The Bronze* and the *Brimstone* and *The Loved and the Lost* The series takes readers along on the life changing journey of three 24th century

teens While the three protagonists appear quite immature in the first half of The Lens and the Looker this is not a series aimed exclusively at young teens Lory Kaufman says he writes for readers 13 to 113 and precocious 12 year olds This is borne out by the fact that about half the readership of the series is adult What many readers say they love about this series is its wonderful mix of science fiction the future and historical fiction the past While there s time travel there are also sword fights and while there are detailed descriptions of ancient technologies the story also includes many colorful characters who just happen to be artificial intelligences There s allusions to a Romeo and Juliet love story and also characters who have murderous intentions toward the lovers And the setting Many readers are praising the accurately described historical setting of 14th century Verona Italy where much of the story takes place **Rising** Heidi Catherine,Tamar Sloan,2020-01-03
