## **Whats Worth Fighting For In Your School:**

What's Worth Fighting for in Your School? Michael Fullan, Andy Hargreaves, 1992 This book is designed to help teachers to overcome some of the constraints put on them by politicians and to improve the conditions in schools It presents strategies for presenting the case for greater funding and staffing in schools but also suggests ways in which teachers can improve life in schools under existing conditions

**Changing Teachers, Changing Times** Andy Hargreaves, 2001-01-01 The rules of the world are changing It is time for the rules of teaching and teachers work to change with them This is the challenge which Andy Hargreaves sets out in his new book on teachers work and culture in the postmodern world Drawing on his current research with teachers at all levels Hargreaves shows through their own vivid words what teaching is really like how it is already changing and why He argues that the structures and cultures of teaching need to change even more if teachers are not to be trapped by guilt pressed by time and overburdened by decisions imposed upon them Provocative yet practical this book is written for teachers and those who work with teachers and for researchers who want to understand teaching better in the postmodern age

**Successful School Improvement** Fullan, Michael, 1992-06-01 This book examines the powerful concept of implementation or what actually happens in practice when innovations or reforms are attempted by demonstrating its uses in a variety of policy and programme applications
