VIRTUAL GOD / THE BEGINNING (2017) Aydın Türkgücü, 2017-09-18 VIRTUAL GOD THE BEGINNING It is not God It is God like You must hav e read news claiming Artifical Intelligence would take away our jobs marriages with robots would start and it would bring the end of humankind What do we know about this doomsday machine which is believed to take over our businesses first then our spouses and finally bring an end to humanity How will the

consciousness that would empower the robots to act on their own be insufflated to them Will this doomsday machine do all these without the knowledge and authorization of the Creator who claims to be the God of all times and creator of everything How will the religions be affected Will Virtual God destroy faith or will it renew it We have been so sure that we were not living in a dream and everything was real for millions of years that we kept asking the questions Where did we come from and why which could take us nowhere We never thought of asking the principal questions I have been asking Where do we live in and how do we know this which brought me nominations for the Nobel Peace Prize in 2015 2017 When the border between virtual reality and reality disappears soon we will be forced to ask Which one is real which one is virtual Which one is human which one is divine You can be sure that your perspective on yourself your partner your work your environment and your experiences will change forever once you start living in a world where you can never be sure of its reality Virtual God is the name of the artificial intelligence based universe machine created by humans enabling them to live in virtual illusionary universes and it is like the God of those virtual universes I describe the Holistic Peace stage as the discovery of God within ourselves by making use of the advancements in technology I tried to explain it most simply through the love story that Ata and Maya characters will live in the future This book seats you in front of your Ark of the Covenant and invites you to be an Inheritor to the Book It is written by examining the Holy Books and the old information to calm down deep concerns that will arise in the Paradox of God stage of the Golden Age of Knowledge we entered in 2014 AYDIN T RKG C Knowledge Golden Age AI VR Virtual Holistic Holly Personell Eden Hell Robot Artificial Holographic Dimension Time Human History Space Mental tools social political name limits unlocked Love Religion exit God Aliens Beginning Brain love virtualgod galactic quantum quantumleap leap dream araf logos NASA ISS rules Space_Station Sience prize peace culture gravity blackhole time timetravel blackmatter holly book hoolybooks verses prophet eden eve adam philosophy *Daddy's Little Girl and Mommy's Little Boy* Zester Hatfield,2005-05-04 Mr Hatfield with all of his years of experience in marriage parenting family missions and in the Church pulls no punches in calling Christ s Bride to return to His Truth God s revealed Law Word regarding discipleship men and women of faith and grace in Manhood and Womanhood outrageously successful spousal relations parenting with training in romance sexual satisfaction love and marriage He is calling all believers especially men to confession and repentance and to receive understand and apply these Truths in the Power of the Holy Spirit as the only acceptable response in which God will revive and reform the Family and the Church in the 21st Century Not for the weak kneed weak minded or humanistically influenced this is for Christ s Bride as we prepare for and anticipate His return These applications of God s revealed Law Word and His uncommon common sense in the lives of America s postmodern Christian culture and especially the promise of duplicating of these successes for love and marriage in our children is exciting and challenging to the point of precedent setting magnitudes The reader will experience riveting and exciting challenges to the status quo of our present day Christian culture Based on interviews with more than 1000 adults nationwide the survey
