**Pro Oracle Database 10g RAC on Linux** John Shaw,Julian Dyke,2008-01-03 Real Application Clusters RAC and the Grid architecture are Oracle s strategy for scaling out enterprise systems to cope with bigger workloads and more users Many books limit themselves by

conceptualizing and theorizing about RAC technology but this book is the first to portray implementing and administering an Oracle 10g RAC system in a Linux environment. This book features basic concepts underlying Linux and Oracle RAC design strategies hardware procurement and configuration and many other topics. The RAC specific technologies described include configuration of the interconnect OCFS ASM Cluster Ready Services and Grid Control. The Oracle features RMAN and Data Guard are also discussed along with available hardware options. The authors include practical examples and configuration information so that upon reading this book you'll be armed with the information you need to build an Oracle RAC database on Linux whether it is on a single laptop or a 64 node Itanium cluster. [Putting Social Justice and Equity at the Heart of Reading for Pleasure](#) Jane Carter, 2025-03-31 This essential book discusses what reading for pleasure is and what it is not introducing some fundamental ideas about how we learn to read and how this process can impact a child's identity as a reader in classrooms that promote equality inclusion and diversity. The profile and importance of Reading for Pleasure has grown significantly over the last few years and is now firmly embedded in both government policy and the Ofsted framework. Developing a Reading for Pleasure school that is truly inclusive of the whole school community however can require a culture shift in relation to the teaching of reading representation in the reading environment and the knowledge and attitudes of the school community. This book seeks to use the current research teacher case studies and the voices of children to address some of the issues that teachers and pre service teachers encounter when trying to develop an inclusive Reading for Pleasure culture within their schools. Each chapter is co authored by teachers and researchers and includes case studies and children's perspectives. It provides practical and evidence based advice lesson ideas and creative ideas to both support and challenge all school leaders staff and student teachers in their journey to create readers rather than children that can just read.
