Young People, 1890 Rain over Baghdad Hala El Badry, 2014-03-01 What was it like to live in Iraq before the earth shaking
events of the end of the twentieth century The mid seventies to the late eighties witnessed Saddam Hussein's rise to power
the establishment of Kurdish autonomy in the north and the Iraq Iran war It also brought an influx of oil wealth following the
1973 war and the spike in oil prices and a parallel influx of Arab talent including many Egyptians as the Egyptian left became
disenchanted with Sadat The massive migration also extended to workers and peasants some of whom created an entire
Egyptian village just outside Baghdad We witness all of this and more through the eyes of an Egyptian woman married to an
engineer working in Iraq The narrator who works for an Egyptian magazine's bureau in the Iraqi capital has a behind the
scenes view of what was really happening at a critical juncture in the history of the region Moreover she has a mystery to
solve an Iraqi woman from the marshes in the south of Iraq who is also a communist journalist has disappeared and as the
mystery unfolds we learn of her love for an older Egyptian Marxist journalist This is Iraq before and beyond Saddam Iraq as
the Arabs knew it in the lives of interesting people living in a vibrant country before the attempted annexation of Kuwait and
the American invasion This is the Iraq that was **From the North Foreland to Penzance** Clive Holland, 1908 In the
following pages dealing with the most important or most picturesque of the harbours and seaports of the South Coast from
the North Foreland to Penzance no attempt has been made either to give guide book information which can be easily
obtained elsewhere or to afford technical sailing directions soundings or nautical information of the type to be found in such

books as Cowper's admirable *Sailing Tours* *The Pilot's Guide* or in the Admiralty Charts. Rather has it been the object of the author to deal with the picturesque side of the various places described and to give something of their story and romance both past and present. That the coastline covered by the present volume has much of interest few will deny. It is indeed the one which has played the most strenuous and historic part in the history of our Island Kingdom.
