**Hot Contention, Cool Abstention** Stephanie Dornschneider, 2021 Why did people mobilize for the Arab Spring While existing research has focused on the roles of authoritarian regimes oppositional structures and social grievances in the movement these explanations fail to address differences in the behavior of individuals overlooking the fact that even when millions mobilized for the Arab Spring the majority of the population stayed at home To investigate this puzzle this book traces the reasoning processes by which individuals decided to join the uprisings or to refrain from doing so Drawing from original ethnographic interviews with protestors and non protestors in Egypt and Morocco Dornschneider utilizes qualitative methods and computational modeling to identify the main components of reasoning processes beliefs inferences directed connections between beliefs and decisions Bridging the psychology literature on reasoning and the political science literature on protest this book systematically traces how decisions about participating in the Arab Spring were made It shows that decisions to join the uprisings were hot meaning they were based on positive emotions while decisions to stay at home were cool meaning they were based on safety considerations Hot Contention Cool Abstention adds to the extensive literature on political uprisings offering insights on how and why movements start stall and evolve **Political Disagreement, Violence and Nonviolence** Greg McCreery, 2023-07-10 Violence and Nonviolence descriptively analyzes numerous examples of theorists definitions and characterizations of varying types of violence arguing that a commonsense view of violence and nonviolence is based on paradigm cases that most people generally agree consider as kinds of violence and nonviolence Beyond these cases however McCreery argues that collectives of individuals form into politicized groups that share visions of these types of violence and nonviolence particularly in terms of what they believe to be legitimate kinds of violence and nonviolence in contrast to illegitimate kinds An understanding of violence and nonviolence requires a perspectival relational approach that situates the vulnerable human body as primary Furthermore if nonviolence is to succeed as an effective political strategy then it must work as a kind of violence at least from the perspective of the adversary **Whether to Kill** Stephanie Dornschneider, 2016 Whether to Kill takes a new approach to understanding terrorism By taking first person accounts of those involved in both violent and nonviolent action against the state then analyzing that data via cognitive mapping Stephanie Dornschneider has opened up new perspectives of what drives people to or away from the use of political violence **Psychology of Non-violence and Aggression** V.K. Kool, 2008-02 Covering the theories and models of the psychology of non violence this book explores the idea that this practice is not synonymous with the control of aggression but is an active behavior combining mainstream ideas with new contemporary perspectives **Lone-actor Terrorism** Jacob C. Holzer, Andrea J. Dew, Patricia R. Recupero, Paul Gill, 2022 Drawing on insights across clinical and forensic mental health as well as related fields in sociology and security this edited volume provides a diverse yet authoritative overview for those interested in better understanding the threats of lone actor terrorism and its professional response *Cognition and Crime*

Benoit Leclerc, Richard Wortley, 2013-08-15 The rational choice perspective developed by Cornish and Clarke in 1986 provides criminologists with a valuable and practical framework for purposes of crime control and prevention More than twenty five years later Cognition and Crime pushes the boundaries of this field of research by bringing together international leading or emerging researchers in this area of script analysis into a single volume for the first time It also presents a series of original contributions on offender decision making during crime and crime script analysis as well as offering a critical perspective of what could be achieved in the future to further help develop this field of research for prevention purposes In addition each empirical chapter treats a specific and important form of crime such as stalking violence drug dealing human trafficking for sexual exploitation child sexual abuse and transnational illegal market of endangered species Academics and students from various backgrounds and interested in investigating and preventing crime will benefit from this book as it applies crime script analysis and discusses new and future developments in regards to this approach and the rational choice perspective This volume will be of particular relevance for practitioners such as police officers and crime investigators

Ritual and Symbol in Peacebuilding Lisa Schirch, 2005 Annotation Schirch argues that examples of peacebuilding often center on the serious rational negotiations and formal problem solving efforts in conflict situations but that what truly bonds adversaries and helps achieve peace are the symbolic non verbal ritual Yet these are often overlooked as deliberate components of peace negotiations **To Nonviolent Political Science** Glenn D. Paige, 1993 **Understanding**

**Homicide** Fiona Brookman, 2021-11-24 In this engaging and accessible book Brookman draws upon several decades of her own research on homicide and violence including ethnographic research on homicide investigation in the UK and USA and interviews with violent offenders in order to unravel the characteristics and causes of homicide how police and forensic scientists investigate it and how it can be prevented Synthesising bespoke new analysis of the Home Office Homicide Index with case studies of homicides and international debate and literature this comprehensive textbook will be a valuable resource for students studying homicide violence its investigation and responses to it as well as researchers and practitioners interested in homicide and violence **Violence** Alex Alvarez, Ronet D. Bachman, 2023-12-06 The Fifth Edition of Violence

The Enduring Problem offers an interdisciplinary and reader friendly exploration of the patterns and correlations of individual and collective violent acts using the most contemporary research theories and cases Responding to concerns regarding pervasive domestic and global violence authors Alex Alvarez and Ronet Bachman address the various legislative social and political efforts to curb violent behavior They incorporate a wide range of the most current cases to help readers interpret the nature and dynamics of various forms of violence This book stands apart from other texts with its broad perspective that includes coverage of collective acts of violence such as terrorism mob violence and genocide
