Beauty Business Blueprint: Over 200+ recipes for skincare and hair business success Kem Keris, 2025-04-01 A

comprehensive guide to creating and marketing various beauty and personal care products including recipes for candles body butters lotions hair care and skincare items **Illegal Literature** David S. Roh,2015-12-31 What is the cultural value of illegal works that violate the copyrights of popular fiction Why do they persist despite clear and stringent intellectual property laws Drawing on the disciplines of new media law and literary studies Illegal Literature suggests that extralegal works such as fan fiction are critical to a system that spurs the evolution of culture Reconsidering voices relegated to the cultural periphery David S Roh shows how infrastructure in the form of legal policy and network distribution slows or accelerates the rate of change He analyzes the relationship between intellectual property rights and American literature in two recent copyright disputes And in comparing American fan fiction and Japanese dojinshi he illustrates how infrastructure and legal climates detract from or encourage fledgling creativity Illegal Literature fills a crucial gap between the scholarly and the popular by closely examining several modes of marginalized cultural production Roh makes the case for protecting an environment conducive to literary heresy the articulation of an accretive rather than solitary authorial genius and the idea that letting go rather than holding on is important to a generative creative process In a media ecology inundated by unauthorized materials Illegal Literature argues that the proliferation of unsanctioned texts may actually benefit literary and cultural development

communications in social media for different brand types and in different geographic markets. Conversations among consumers on social media now have an unprecedented ability to shape attitudes toward people, products, services, brands and to influence buying decisions. Consequently, the digital era brings to the fore the importance of interpersonal relations and the power of personal recommendations. This book is the first to empirically investigate how the form and appeal of marketing communications in social networks influence electronic word of mouth including an examination of brand type and geographic market. The author focuses on motivations and reveals why people exchange opinions about brands, products and services in the digital environment. The book summarizes the existing research on marketing communications, social media and word of mouth, provides a cutting edge knowledge based on the analysis of the actual behavior of consumers and rules of effective marketing communications in social media. This research based book is written for scholars and researchers within the fields of marketing and communication. It may also be of interest to a wider audience interested in understanding how to use social media to influence electronic word of mouth.
