## **Streaming Top Shows Chatgpt In The Us:**

Artificial Intelligence in Animal Behaviour, Veterinary Behaviour and Neurology Holger Andreas Volk, Jasmin Nicole Nessler, Anna Zamansky, Sebastian Meller, Annika Bremhorst, 2025-08-18 The new leap innovation Artificial Intelligence AI will significantly accelerate the speed of science and translate into clinical practice faster than clinicians ever have been used to Machine and deep learning techniques are now readily available to analyze large and complex data sets providing veterinary scientists with a tool to not only better understand complex behaviour traits and neurological conditions but also to delve into the nuances of animal behaviour itself AI can now write plausible sounding text recognize written or spoken human words recognize objects in images or analyze large amounts of data Different fields of applications are known so far such as improving and speeding up interpretation of radiologic findings interpretation of electroencephalography diagnosis of autism in children objectifying ataxia in dogs detecting pain in cats and assessing and characterizing animal behaviours across species At the time of writing more than 500 AI based algorithms have been approved by the FDA for human medicine most of which are used in radiology and neurology In veterinary neurology and animal behavioural science only a limited amount of research on AI has been done so far Most algorithms presented are merely fragments of usable programs and are not suitable for clinical application Therefore ready to use applications are rare yet essential for implementing AI into everyday routine diagnostic work ups scientific research and animal behavioural assessments The research topic will help to unite current efforts and provide a collection of articles to address some of the current scientific and behavioural gaps In the future a clinician might have a clinical decision support tool that generates accurate estimations of likely outcomes of neurological disease and animal behaviour combining anamnestic behavioural clinical clinical pathology and imaging information We are interested in original research systematic reviews and opinion papers not only about the scope and potential of AI for Veterinary Behavior and Neurology but also about the intersection of AI with the study of animal behaviour ethical considerations and pitfalls that the development of AI generated tools could present Potential themes therefore include but are not limited to AI to recognize monitor diagnose or characterise behaviour neurological deficits or conditions including a detailed analysis of animal behaviour across a variety of contexts and species AI to assess behavioural states in both clinical and natural environments AI to interpret scientific clinical data sets such as clinical pathology omics imaging EEG data and behaviour metrics Ethical and legal considerations when applying or using AI tools in the study of animal behaviour and veterinary medicine Potential of AI to enhance clinical practice in veterinary behavioural medicine veterinary neurology and animal behaviour research Potential of AI enhanced diagnostic and behavioural assessment tools with animals

**Governing Pandora** Andrea Bonime-Blanc, 2026-02-02 A road map for developing responsible and innovative governance systems based on generative AI and other exponential technologies As exponential technology rapidly advances leaders in every sector are faced with the challenge of harnessing its potential power while developing precautionary

safeguards against its risks From generative artificial intelligence to the future of quantum computing these innovations are transforming the world at an unprecedented rate leaving decision makers unsure of how to maintain control and ensure responsible development Governing Pandora focuses on multiple exponential technologies in order to demonstrate how leaders can develop responsible and innovative governance systems This book equips leaders with frameworks and tools including a detailed five element exponential governance mind set to develop a more holistic tech governance approach for current and future waves of exponential tech Andrea Bonime Blanc encourages the development of a culture of collaboration across borders sectors and disciplines as technology takes on a bigger role in our ecosystem She explains the context risks and opportunities of the ongoing exponential technology revolution so that leaders can futureproof themselves their organizations and key stakeholders with strategies and tactics to act responsibly ethically and successfully This book speaks directly to executives board members policymakers and organizational leaders who are tasked with charting a course through the advancement of modern technologies Governing Pandora bridges the gap between exploring pure technology and managing and governing applied technology Readers will learn not only how to develop a governance mind set for exponential technology but also how to build organizational resilience

### **Decentering Fashion on the Silk Roads**

Stefanie Mallon, Galina Mihaleva, 2024-12-30 Decentering Fashion on the Silk Roads focuses on the dynamism of fashion textile craft heritage and sustainability in Central Asia and beyond The compelling series of accounts provides a comprehensive set of insights and impressions collected from both fashion academics designers and practitioners from around the globe who journeyed through Uzbekistan and Kazakhstan and from those who live and work in this region It showcases ways in which local textile craft practices can inform the modern fashion industry into becoming more sustainable The book opens by exploring the importance of the old Silk Roads crossing through the heart of the world in Central Asia serving not only as trade routes but also allowing knowledge art and practices to be transmitted between the Orient and the Occident enabling ideas to flourish and cultural dispositions to develop from Antiquity until Modernity The unique set of chapters that follow examine and highlight the growing opportunities and lessons this region has to offer to Western fashion through local artistry and craft and points toward the urgent need to slow down and adopt responsible principles and practices The book constitutes a warm appreciation of the experiences and grateful thanks to the many communities from all different backgrounds and ages who contributed This rich travelogue is a refreshing resource for international scholars and postgraduate students studying and researching fashion theory and management in particular It will also be of interest to anthropologists cultural studies and textiles scholars

*Engaging the Gadfly* Casey T. Sigmon, 2025-06-09 In 2020 most preachers and congregations were forced into online and hybrid preaching We had to react quickly For some this adventure opened creative forms of preaching stitches duets reels and VR For others it was a season of just getting by cell phones propped up on books laptops on dining room tables We did what we could to proclaim the good news in turbulent times Five

years later Sigmon invites preachers and congregations to reflect on those experiences as they consider the future of preaching She helps the reader engage the Gadfly whose buzzing signals a shift in how we understand relationships truth presence and place in this digital age Sociologists and historians argue that we are now on the brink of a shift in communication as transformative as the invention of the printing press No wonder ministry is so challenging right now Ultimately this digital age like previous ages of technological change presents problems and possibilities to the practice of preaching and so ecclesiologically the shape of the church What shapes will emerge Sigmon will empower preachers and congregations to answer that question for themselves through a new media homilecclesiology *Strategic Market Management* David A. Aaker,Christine Moorman,2023-11-14 Learn to identify select implement and adapt market driven business strategies for profitable growth in competitive markets In Strategic Market Management David Aaker and Christine Moorman deliver an incisive practical and up to date guide for identifying selecting implementing and adapting market driven business strategies in increasingly complex dynamic and crowded markets The authors provide the concepts frameworks tools and best practice case studies required to develop capabilities in key strategic marketing tasks achieve high quality decision making and drive long term profitable growth Extensively revised and updated the twelfth edition of Strategic Market Management offers newly written chapters focused on growth and branding that reflect cutting edge frameworks based on the most recent research and the authors experiences with leading companies New real world examples and stronger frameworks including cutting edge approaches for environmental analysis offering market selection and target market selection New digital marketing strategy topics including the metaverse algorithmic bias augmented reality influencers and gamification are integrated throughout the book Strategic Market Management Twelfth Edition is an excellent textbook for courses at all levels that seek a strategic view of marketing such as Strategic Market Management Strategic Market Planning Strategic Marketing Marketing Strategy Strategic Planning Business Policy and Entrepreneurship It is also a valuable reference and guide for MBA and EMBA students managers planning specialists and executives wanting to improve their marketing strategy development and planning processes or looking for a timely overview of recent issues frameworks and tools *Managing Sport Events* T. Christopher Greenwell,Leigh Ann Danzey-Bussell,David J. Shonk,2024-06-26 Running a sport event whether it s an international competition or local youth tournament requires acute knowledge and the ability to plan organize promote lead and communicate effectively And no other text prepares students for the task as effectively as Managing Sport Events Third Edition With HKPropel Access While other texts in this space stray into the area of facility management Managing Sport Events keeps its focus where it should be by providing a thorough grounding of the entire event management process Beginning with an overview of event conception and development the text then moves into the principal planning areas of budgeting marketing promotion sponsorships and legal and risk management Later chapters focus on key operational areas such as staffing event services and logistics and event day management and it

closes with postevent details and evaluation. The third edition includes new and updated content that incorporates plenty of contemporary real life examples. Insights into how event management has been affected by COVID 19 and by the emergence of social media sustainability efforts and diversity equity and inclusion DEI initiatives. All new content addressing the role of brand ambassadors, social media influencers and nontraditional media in promoting events and encouraging fan engagement. An updated discussion of event sponsorships and how sport organizations are implementing creative activation strategies pre event and game day deliverables and the latest technologies to maximize exposure and measure effectiveness. An expanded discussion of contracts and other legal considerations such as compliance with the Americans with Disabilities Act ADA. An expanded section outlining how principles of project management can be used to effectively plan events. New industry profiles that provide insights into key players and noteworthy happenings in event management. Related online activities delivered through HKPropel provide robust learning opportunities for students. A brand new semester long project in which students plan, prepare, produce and evaluate a fictional pickleball tournament as well as compile a formal event management plan handbook. Scenario based activities in which students make a decision and then see the implications of their choice. Mini case studies for each chapter with questions to test comprehension. Sample contracts that represent common agreements encountered in event management. Practicing and aspiring professionals working in parks and recreation, tourism, hospitality and sport organizations at all levels, youth, high school, college, amateur, minor league, professional and international will find this book a valuable reference in their roles as event managers. Blending traditional business tenets of sport management with the distinct aspects of event management. Managing Sport Events Third Edition prepares readers to manage events with efficiency and ease so that fans and participants alike have lasting game day memories. Note: A code for accessing HKPropel is not included with this ebook but may be purchased separately.

*Behind the Screens* Barrett Williams, ChatGPT, 2025-02-11
