

## RESPONSIBILITY TO THE SCHOOL COMMUNITY

The professional educator promotes appropriate relationships and effective interactions with members of the school community.

A. The professional educator promotes appropriate and effective relationships with employers by:

1. Establishing personal and professional conduct that is in the best interest of the organization, learning community, school community, and profession.
2. Using property, facilities, resources and resources in accordance with local policies and state and federal laws.
3. Respecting intellectual property rights (e.g., original lesson plans, student work, various authors' publications) when sharing materials and
4. Considering the implications of offering or accepting gifts when professional conduct by someone is an individual is a problem of professional influence in power.

B. The professional educator recognizes the problematic nature of multiple relationships by:

1. Considering the fact that multiple relationships might impact adversely increase the likelihood of harm to students' learning and well-being, or prevent educator effectiveness.
2. Considering the risks and benefits of a professional relationship with someone with whom the educator has a current or past personal connection.
3. Considering the implications and possible ramifications of engaging in a personal relationship with parents/guardians, student teachers, colleagues and supervisors, and
4. Following professional responsibilities to competently, honestly, and ethically in relation to the educator's responsibilities to students, their learning, and well-being.

## RESPONSIBLE AND ETHICAL USE OF TECHNOLOGY

The professional educator considers the impact of computing, creating, distributing and communicating information through all technologies. The ethical educator is vigilant to ensure appropriate boundaries associated with role, time and place are maintained when using technology communication.

A. The professional educator uses technology in a responsible manner by:

1. Using social media transparently and privately to purposes of teaching and learning per school and district policy. The professional educator considers the implications of using social media and social communication via technology per use's interactions with students, colleagues and the general public.
2. Sharing content with focus and care of school technology.
3. Exchanging information, resources electronically for teaching and learning.
4. Respecting intellectual property rights, copyrights and for use when assessing, using and documenting proprietary materials.
5. Understanding and abiding by policy and procedures in the use of technology and communication.
6. Recognizing that some electronic communications are records under the Freedom of Information Act (FOIA) and state public access laws.
7. Considering the implications of sharing legally protected or other sensitive information electronically when the professional is a personal communication tool.
8. Ensuring vigilance in maintaining accurate and professional email profiles and keeping personal and professional lives distinct.

B. The professional educator ensures students' safety and well-being when using technology by:

1. Being vigilant in identifying, addressing and reporting cyber harassment and in accordance with local school, district, state and federal cultural appropriate and legal intervention steps in relation to cyber bullying.
2. Protecting the privacy of students' personal or social media content that is possible risk of harm to the student or others and
3. Being alertive to and appropriately handling information concerning possible cyber bullying incidents and their potential impact on the student learning environment.

C. The professional educator maintains confidentiality with the use of technology by:

1. Taking appropriate and reasonable measures to maintain confidentiality of privileged information and stored or transmitted educational records.
2. Understanding the intent of Federal Education Rights to Privacy Act (FERPA) and how it applies to sharing student records electronically.
3. Ensuring the rights of third parties, including the right of privacy, are not violated via the use of technology, and
4. Protecting information from being stored with permission that parties through technology.

D. The professional educator promotes the appropriate use of technology in educational settings by:

1. Advocating to equal and equitable access to technology for all students.
2. Promoting the benefits and clarifying the limitations of various educational technologies' applications with colleagues, appropriate school personnel, parents and community members.
3. Promoting technological applications that equal and advance the teaching and learning process, and
4. Practicing and advocating for cybersecurity in private overall, others and the dignity of the network.

## MCEE: The Power of a Common Language

The Model Code of Ethics for Educators (MCEE), supported by national education organizations that undergird our profession, was developed by a diverse and representative task force of educational practitioners. The MCEE connects the aspirations of professional ethics with the day-to-day realities of the practicing educator.

The MCEE facilitates a shared understanding of what constitutes ethical best practice and helps ensure that educators are equipped with a framework for ethical decision-making.

The MCEE, which can be adopted, adapted, or endorsed, provides a basis for conversations across the profession about the importance of having a common language rooted in professional ethics. These conversations have power.

The Model Code of Ethics for Educators – Giving the profession a common language to guide professional decision-making.

Established by NASDTEC, the National Council for the Advancement of Education (NCAEE) consists of practitioners and educational partners that represent the profession. NCAEE's mission is to promote and foster an intentional and thoughtful focus on professional ethics for educators. Its role is to provide national leadership in advancing ethical understanding and practice, while promoting awareness and use of the MCEE.

\*\*\*\*\*

Founded in 1908, NASDTEC represents professional standards boards, commissions and state departments of education that are responsible for the preparation, licensure, and discipline of educational personnel. Associate members include constituent groups with an interest in the preparation, continuing development, and certification of educational personnel.

More information on NASDTEC and the development of the MCEE may be found at [www.nasdtc.net](http://www.nasdtc.net).

## OVERVIEW Model Code of Ethics for Educators

2nd Edition

The Model Code of Ethics for Educators (MCEE) serves as a guide for future and current educators as they encounter the complexities of P-12 education. The Code establishes principles for ethical best practices, negotiations, self-reflection and decision-making. The establishment of this professional code of ethics for educators honors the public trust and upholds the dignity of the profession.

## WELCOME

There is a movement growing within the greater P-12 and educator preparation educational communities to ensure educators and prospective educators understand how professional decision-making can impact all aspects of the schooling community. This movement focuses on examining and understanding our profession's norms and values as a critical part of the mission of the National Association of State Directors of Teacher Education and Certification (NASDTEC). A professional code of ethics establishes a higher threshold of responsibility than policy, statutes or law. Adhering to the regulations that govern one's employment and licensure – as well as aligning one's professional practice to the Model Code of Ethics for Educators – will reinforce the risks and vulnerabilities inherent in our profession.

## **Web 2 0 How To For Educators Second Edition:**

**Teaching in Nursing and Role of the Educator** Rn Marilyn H Oermann Phd, 2013-12-06 This all inclusive text on teaching in nursing is by one of the pre eminent nurse educators in the United States Dr Marilyn Oermann The only book to focus on the full academic role it is designed to provide graduate level nursing students with all of the competencies essential for effective teaching This evidence based text encompasses both theoretical and practical information and includes content on teaching and learning assessment and evaluation curriculum development using technology teaching in simulation learning lab and online courses models for clinical teaching scholarship and evidence based education and other components of the educator role *Teaching and Learning with ICT in the Primary School* Sarah Younie, Marilyn Leask, Kevin Burden, 2014-09-15 The new edition of *Teaching and Learning with ICT in the Primary School* introduces practising and student teachers to the range of ways in which ICT can be used to support and extend teaching and learning opportunities in their classrooms Fully updated and expanded with brand new chapters reflecting the abundant changes in the field since the first edition was published it offers practical guidance underpinned by the latest research and teaching in the field It is illustrated throughout with case studies and examples together with a glossary explaining key terms It focuses on how technology based practices can support the teaching of individual subjects as well as a range of teaching and learning styles Key topics covered include Support reading and writing with ICT Enhancing mathematics with technology ICT in the foundation subjects Computer programming Creativity and ICT ICT and sustainability Linking home and school Digital technologies for special educational needs Mobile technologies Gaming and virtual worlds Assessment E Safety Written for all training primary teachers as well as more experienced teachers and ICT co ordinators looking for guidance on the latest innovative practice *Teaching and Learning with ICT in the Primary School* 2nd edition offers advice and ideas for creative engaging and successful teaching and learning *Emerging Technologies in Distance Education* George Veletsianos, 2010 Highlighted are the pedagogical organizational cultural social and economic factors that influence the adoption and integration of emerging technologies in distance education Advice is offered on how educators can launch effective and engaging distance education initiatives in response to technological advancements changing mindsets and economic and organizational pressures *Conference proceedings. ICT for language learning* Pixel, 2014 *Practical Teaching in Emergency Medicine* Robert L. Rogers, Amal Mattu, Michael E. Winters, Joseph P. Martinez, Terrence Mulligan, 2012-10-18 Emergency medicine attendings who wish to hone their teaching skills can find a number of books on educational strategies written by physicians from other disciplines However until the publication of the first edition of this book they did not have access to a text written by emergency medicine physicians on methods of teaching that are directly applicable to teaching EM This book was compiled to meet that need Following the introductory section which provides important background information the book s contents are organized into 4 sections that correspond to the core needs and interests of EM

educators Section 2 focuses on practical and ethical considerations of teaching in the ED Section 3 provides strategies for teaching specific groups of learners Section 4 looks at the skills that are characteristic of the best EM educators and Section 5 looks indepthly at specific teaching techniques and strategies Now more than ever this book addresses the needs of physician educators from all over the world New chapters discuss lecturing to an international audience using simulation as a teaching tool how to make journal club work for you and other topics that are of broad interest to medical educators in this field In general each chapter has been updated and reviewed to make sure the content was something that emergency physician educators could use in any country The chapter contributors are widely regarded as leaders in the field of emergency medicine education and faculty development Authors were given free rein to develop their chapters and write in their own style They were asked to present their personal views on how to successfully teach the art of emergency medicine rather than review evidence based guidelines regarding medical education As a result most of the chapters have few references This first person approach to a multi authored textbook yields a compilation that varies in style from chapter to chapter and exposes the reader to a variety of communication techniques

*Teach Yourself Web Publishing with Microsoft Word in a Week* Herb Tyson,1995 Organized on a day by day basis this book is the easiest way to learn how to produce attractive well designed Web pages with Microsoft Word Each day of the week provides a basic overview examples exercises and a summary of the topics being taught The disk includes Internet Assistant word based Web publishing tools and sample templates for Web pages
