Planning Steps for the Project

卷之三

After the lyrics song sheets are downloaded, you can make as many copies as you need for your group singing. I suggest that you copy the sheets back to back. This will make for the singers to use while singing. I also suggest that you staple the sheets together like you would a booklet. 2 or 3 pages on the left hand side of the song sheets. This is much easier the memory to have access.

100

As you can see, the song sheets only have printed lyrics so the singers will have to sing the songs without instrumental music (acapella). If you don't know the songs or lyrics, kindly you cannot sing, then find the "Songs (short songs)" in your group. And here is how they would be willing to sing you with the singing. Based on my career as a singer myself, you better not be afraid to help you.

Most of the singers in the group should be familiar with these songs so they should be able to sing them without accompaniment. If however, you really want to have instrumental music for the singing, try to find someone in the community that can play the guitar or piano. And then if they would be willing to play for the singing, I would say definitely the sound of my songs alone is all that is another benefit for you.

To add noise and hurt to the song-sting, you can use simple hand instruments, such as hand cymbals, bells, a tambourine, or anything that makes a musical sound. You can also have different groups sing by themselves or from various corners of a room. There are many other ways to hurt the singer more the song-sting.

You can find CDs on Amazon or other seller websites that have these songs on them. YouTube is an excellent source for Karaoke Playlist Songs. Search just YouTube in Playlist for the volume on YouTube. You simply pull up YouTube, and then you look for the playlist that is called Karaoke Songs Volume 1. This playlist is approximately an hour long, using YouTube music.

I have also added song notes for some of the songs in the booklet. Most songs have these so you can use these song notes for your singalongs. You can just tell them about the song, who wrote it and why or you can use the notes for a discussion. For me, the power of our 100 classic songs song factory makes for all of us. These are great people who wrote their songs, but, unfortunately, are dead these days. Enjoy!!

Thank you so much for purchasing the "Singapore Song Booklet Vol. 1 for Babies." I hope that you and your babies sing along with these wonderful and fun time singing the most favorite songs that we older folks grew up singing. And remember as an activity booklet, **YOU CAN DO IT!!**
