*Focus On: 100 Most Popular United States National Film Registry Films* Wikipedia contributors, **Focus On: 100 Most Popular American Male Musical Theatre Actors** Wikipedia contributors, **Screened Stages** Rachel Joseph, 2024-02-28 This book is devoted to tracing the variety of ways that theatre theatricality and performance are embedded in Hollywood cinema as screened stages A screened stage is the literal or metaphorical appearance of a stage on screen When the Hollywood style emerged in cinema history it traumatically severed the entwined relationship between film and theatre The book makes the argument that cinema longs for theatre after

that separation The histories of stage and screen persistently crisscross one another making their separation problematic The screened stage from the end of the nineteenth century until now offers a miniaturized version of cinema and theatre history Moments of the stage within the screen compress historical styles and movements into saturated representations on film Such examples overflow the cinematic screen into singular manifestations of presentness Screened stages uncover what it means to be simultaneously present and absent This book would be of great interest to students and scholars of theatre film dance and performance

**Hollywood's Dirtiest Secret** Hunter Vaughan, 2019-03-12 In an era when many businesses have come under scrutiny for their environmental impact the film industry has for the most part escaped criticism and regulation Its practices are more diffuse its final product less tangible and Hollywood has adopted public relations strategies that portray it as environmentally conscious In *Hollywood's Dirtiest Secret* Hunter Vaughan offers a new history of the movies from an environmental perspective arguing that how we make and consume films has serious ecological consequences Bringing together environmental humanities science communication and social ethics *Hollywood's Dirtiest Secret* is a pathbreaking consideration of the film industry's environmental impact that examines how our cultural prioritization of spectacle has distracted us from its material consequences and natural resource use Vaughan examines the environmental effects of filmmaking from Hollywood classics to the digital era considering how popular screen media shapes and reflects our understanding of the natural world He recounts the production histories of major blockbusters *Gone with the Wind* *Singin in the Rain* *Twister* and *Avatar* situating them in the contexts of the development of the film industry popular environmentalism and the proliferation of digital technologies Emphasizing the materiality of media Vaughan interweaves details of the hidden environmental consequences of specific filmmaking practices from water use to server farms within a larger critical portrait of social perceptions and valuations of the natural world
