Sinning Across Spain A Walkers Journey From Granada To Galicia:

Sinning Across Spain Ailsa Piper, 2017-10-02 Walking has been the constant in Ailsa Piper's life. Setting down one foot after the other takes her to a transformative and transcendent place. Her bestselling memoir *Sinning Across Spain* was inspired by the tradition of medieval walkers who were paid by others to carry their sins to holy places. The cargo included anger, envy, pride and lust. She hiked alone through the endless olive groves of the Camino Mozrabe from the legendary southern city of Granada toward the centuries old pilgrim destination Santiago de Compostela in the far north west of Spain. In dusty pueblos and epic landscapes, miracles found her. Angels in both name and nature eased her path. When faced with the untimely death of her husband Peter, her true north, Ailsa returned to the Camino trail this time in France to walk through her sorrow. This second pilgrimage is the story of a walk where the burden is her own grief, not the sins of others, and which ultimately sees her walking into life and hope.

Sinning Across Spain Ailsa Piper, 2017 The story of Ailsa Piper's 1300 kilometre walk from the southern city of Granada to Galicia. Aside from 10 kilograms of practicalities, she also lugged a load of sins in her swag.

Sinning Across Spain Ailsa Piper, 2012 With those words, Ailsa Piper sought sponsors for a 1300km solo walk across Spain. She worried people would think she'd joined a cult. She worried her knees would give out—and not from praying. She worried that 30kms a day for six weeks with a swag of sins for company would send her mad. But she went. She began at Easter, a time of sin and reflection—but not hot cross buns, as she discovered. She hiked olive groves, searched for lodgings in refuges and sports centres, and did the crying for those who'd sponsored her. As a child, Ailsa's plea was, "Don't cry, Don't cry, Let me do the crying." Her walk took that to new extremes. Like medieval believers who paid others to carry their sins to holy places and so buy forgiveness, Ailsa's donors confessed to anger and envy, pride and lust, sloth and selfishness among others. Along the way, their sins became hers. She was tempted and she battled. On one occasion, she was saved by a fellow pilgrim's snoring, proving sharing a room with forty belching, grunting blokes can be a blessing. Miracles also found her. Matrons stuffed homemade sausages into her pack. Angels in name and nature eased her path. And she fell in love with kindness, strangers and Spain. She came home changed—and as were many of her sinners. Their stories made her believe in the power of confession—acknowledging we're all sinners. All saints. *Sinning Across Spain* celebrates the blessing of bathtubs, the benediction of bunions and the simple act of setting down one foot after the other.

The Camino de Santiago in the 21st Century Samuel Sánchez y Sánchez, Annie Hesp, 2015-08-11 The Spanish Camino de Santiago, a pilgrimage rooted in the Medieval period and increasingly active today, has attracted a growing amount of both scholarly and popular attention. With its multiple points of departure in Spain and other European countries, its simultaneously secular and religious nature, and its international and transhistorical population of pilgrims, this particular pilgrimage naturally invites a wide range of intellectual inquiry and scholarly perspectives. This volume fills a gap in current pilgrimage studies, focusing on contemporary representations of the Camino de Santiago. Complementing existing studies of

the Camino's medieval origins it situates the Camino as a modern experience and engages interdisciplinary perspectives to present a theoretical framework for exploring the most central issues that concern scholars of pilgrimage studies today Contributors explore the contemporary meaning of the Camino through an interdisciplinary lens that reflects the increasing permeability between academic disciplines and fields bringing together a wide range of theoretical and critical perspectives cultural studies literary studies globalization studies memory studies ethnic studies postcolonial studies cultural geographies photography and material culture Chapters touch on a variety of genres blogs film graphic novels historical novels objects and travel guides and transnational perspectives Australia the Arab world England Spain and the United States *Walking the Camino dos Faros* John Hayes, 2019-10-15 A guidebook to walking the Camino dos Faros the Way of the Lighthouses between Malpica and Fisterra Covering 200km 124 miles this pilgrimage route along the Galician coast in northwest Spain takes around 1 week and is suitable for any reasonably fit walker The route is described from north to south in 8 stages each between 17 and 29km 11 18 miles in length Optional shortcuts are given where possible to allow you to adapt the route to suit you 1 50 000 maps included for each stage GPX files available to download Advice on planning and preparation Refreshment and accommodation information given for each route stage

modern day pilgrim walked the Camino Francés route in September/October 2019. The distance of approximately 490 miles/790 km begins in St Jean Pied de Port France crosses the French Pyrenees and ends in the province of Galicia in the city of Santiago de Compostela. This memoir is Suzanne's account of her journey as she walked while carrying all she'd need for the 42 day trek in a pack on her back. While walking through the beautiful countryside and cities she also had to deal with the unexpected illness and disappointment and in the end experienced the triumph of completing this challenging long distance walk on her own terms. Whether you're going to walk the Camino yourself or are just curious about the experience this memoir will be informative and inspiring.

[The Day Was Made for Walking](#) Noel Braun, 2018-11-01. Noel Braun yearns to walk the Camino the ancient pilgrimage route that leads across France and Spain to Santiago de Compostela. Since the suicide of Maris his beloved wife of forty two years he has struggled to find himself. But is it pure madness? He's an old bloke. At seventy seven years he should be sensible, act his age and relax in a rocking chair. Can his body and spirit withstand the demands? Can he leave family and friends behind? Noel believes this is a journey he MUST undertake. It's a compulsion, a spiritual quest of self discovery, an urgent need to commune with the world around and beyond him. When Noel begins his journey he discovers it's not just the rigorous demands of the physical world he must answer. The territory of the heart and soul has its own challenges which have him searching for spiritual and emotional insights. His travels are interwoven with accounts of the many engaging characters he meets. In time he realises he himself is one of the Camino's characters. *The Day Was Made for Walking* merges the spiritual with the physical, the ancient with the contemporary. It is a memoir but also a glimpse into history and a travel guide.

[A Survival Guide to the Camino de Santiago in Galicia](#) Jeffery Barrera, 2014-12-13. Revised and Updated for 2016. This guidebook covers the last 151 kilometres/roughly 100 miles to Santiago on the French route. Or in other words it covers the section of the Camino in Galicia starting on the border with Castile and ending in Santiago de Compostela. The guidebook is organised in eight chapters that correspond to the commonly suggested daily stages to be covered on foot. There is also a final chapter for the city of Santiago de Compostela, a general introductory chapter and an annex on general Spanish culture. This updated edition also includes a NEW chapter for the alternative stage to Sarria through Samos. Each chapter describes a departure town and a town of arrival, the distance to be covered on each stage and information about the villages, hamlets and other points of interest you will walk by. Each chapter also has a series of miscellaneous information snippets that can be historical, religious, artistic or anything else related to Spanish and Galician culture and/or customs. This is a guidebook that will help you understand and appreciate Spanish idiosyncrasies, usually the most intriguing and at times frustrating part of a trip for travellers. This is also a guidebook that provides insider insight and information about the Camino, information on where you are walking, why you are looking at things, what you are eating and how to make the most of your experience, all that stuff that is not readily available to travellers from abroad. In a nutshell this is a guidebook written by a Spanish pilgrim for pilgrims from abroad.
