## **Sittig's Handbook Of Pesticides And Agricultural Chemicals:**

**Sittig's Handbook of Pesticides and Agricultural Chemicals** Richard P. Pohanish, 2014-09-06 This reference handbook provides fully updated chemical regulatory health and safety information on nearly 800 pesticides and other agricultural chemicals. The clear, consistent and comprehensive presentation of information makes Sittig's an essential reference for a wide audience including first responders, environmental and industrial health safety professionals, the food industry, the agricultural sector and toxicologists. Detailed profiles are provided for each substance listed including usage, crop specific residue limits, hazard ratings for long term human toxicity and endocrine disruptor and reproductive toxicity information. Every chemical profile contains references and web links to source information from the EPA, OSHA, the World Health Organization, WHO and other important advisory and lawmaking bodies. This work is focused on regulated chemicals. The substances covered include pesticides, insecticides, herbicides, fungicides, rodenticides and related agricultural chemicals used on foods grown and produced for both human and animal consumption. These products are organized with common names, chemical synonyms, trade names, chemical formulae, US EPA pesticide codes, EU regulations including Hazard Symbol and Risk Phrases, EINECS, RTECS, CAS and other unique identifiers so that all who may have contact with or interest in them can find needed information quickly. A comprehensive reference for the agricultural sector, food industry, agrochemical manufacturing and distribution sector and first responders. Brings together a wealth of hazard and response, regulatory and toxicological information in one convenient go to handbook. Covers US, EU and worldwide regulatory requirements.

*Sittig's Handbook of Pesticides and Agricultural Chemicals* Stanley A. Greene, 2013-10-22 Sittig's Handbook of Pesticides and Agricultural Chemicals is specifically designed for use by those engaged in the agricultural and food processing industries both vital to our nation's health and economy. People in every phase of food production from the farm to the fork will find a wealth of material here. It will also be of interest to professionals in the pharmaceutical, cosmetics and personal care industries who use agricultural products as ingredients. It provides crop chemical regulatory health and safety information on nearly 800 pesticides, fertilizers and other agricultural chemicals. These chemicals are organized with unique identifiers so that all who may have contact with or interest in them can find critical information quickly.

**Handbook of Toxic and Hazardous Chemicals and Carcinogens** Richard P. Pohanish, 2019-06-03 Sittig's Handbook of Toxic and Hazardous Chemicals and Carcinogens Seventh Edition has proven to be a reliable accessible must have reference on hazardous materials for over thirty years. This updated and revised seventh edition is the most comprehensive listing of the hazardous chemicals commonly used transported and regulated in industry and the workplace. Information is the most vital resource anyone can have when dealing with potential hazardous substance accidents, spillages, fires or acts of terror. It is also essential for the safe day to day operation of chemical processes and environmental protection. Sittig's Handbook provides extensive data for over 2 200 chemicals in a uniform format enabling fast and accurate decisions in any situation. The chemicals are presented alphabetically and classified as a carcinogen, hazardous substance, hazardous waste or toxic pollutant. This new edition contains expanded and reviewed information for each chemical listed including chemicals classified as WMD and has been updated to keep pace with world events, standards and regulations. This seventh edition includes over 100 new records and every single record has been checked and updated as necessary. Enables readers to quickly and reliably find the chemical they are looking for with a full range of synonyms for each chemical including trade names and CAS index. Features relevant data for the US and EU included throughout along with the essential chemical hazard information applicable worldwide. Provides a trusted source of information for first line responders, emergency services, industry, logistics companies, scientists and environmental protection organizations. Contains expanded information for each chemical listed including chemicals classified as WMD and has been updated to keep pace with world events, standards and regulations.

**Hazardous Chemicals Safety and Compliance Handbook for the Metalworking Industries** Richard P. Pohanish, Stanley A. Greene, 2006 Hazardous Chemicals Safety and Compliance Handbook for the Metalworking Industries provides operators and technicians in the metalworking, machining and metal finishing industries with an easy to use single volume guide to the hazardous materials commonly found in these sectors. Containing detailed information on nearly 450 chemical hazards arranged alphabetically from Acetyl to Zirconium this unique handbook provides identifiers, foreign and domestic trade names and chemical synonyms, physical properties, short and long term health effects, guidelines for exposure, respirators, warnings, incompatibilities, fire data and OSHA, EPA, California and Canadian safety recommendations and regulations. No other reference offers this kind of integrated compilation of safety and environmental compliance data or directory information related to these industries.
