Hanging Out Sheila Liming, 2023-01-24 Hide your phone stop hustling for a second and read this passionate argument for the importance of unstructured pre digital hang People Loneliness is an epidemic it feels harder than ever to connect with others meaningfully What can we do to remedy this Sheila Liming has the answer we need to hang out more With the introduction of AI and constant Zoom meetings our lives have become more fractured digital and chaotic Hanging Out The Radical Power of Killing Time shows us what we have lost to the frenetic pace of digital life and how to get it back Combining personal narrative with

pungent analyses of books movies and TV shows Sheila Liming shows us how the new social landscape deadens our connections with others connections that are vital to both self care and to a vibrant community Whether drinking with strangers in a distant city or jamming with musician friends in an abandoned Pittsburgh row house Liming demonstrates that unstructured social time is the key to a freer happier sense of self Hanging Out shows how simple acts of casual connection are the glue that binds us together and how community is the antidote to the disconnection and isolation that dominates contemporary life The book conceives of hanging out as a way to reclaim time as something other than a raw ingredient to be converted into productivity New York Times Rich with illuminating stories Slate We could all use more of that blissfully unstructured social time posits Sheila Liming in the well considered series of arguments found in Hanging Out Reader s Digest Opens with a simple and expansive account of what hanging out is Liming dedicates much of the book to stories from her past She has lived an interesting life and she tells these stories well Washington Post Sharp and vivid writing a layered exploration of social dynamics that contains some textured literary criticism Bookforum More books about hanging out less about productivity please Sheila Liming sees the gap in our thinking about time and the true worth in spending it in an unstructured fashion with members of our community LitHub

The Flood Year 1927 Susan Scott Parrish,2018-12-04

A richly nuanced cultural history of the Great Mississippi flood The Great Mississippi Flood of 1927 was the most destructive river flood in U S history drowning crops and displacing more than half a million people across seven states It was also the first environmental disaster to be experienced virtually on a mass scale The Flood Year 1927 draws from newspapers radio broadcasts political cartoons vaudeville blues songs poetry and fiction to show how this event provoked an intense and lasting cultural response Americans at first seemed united in what Herbert Hoover called a great relief machine but deep rifts soon arose Southerners pointing to faulty federal levee design decried the attack of Yankee water The condition of African American evacuees prompted comparisons to slavery from pundits like W E B Du Bois and Ida B Wells And environmentalists like Gifford Pinchot called the flood the most colossal blunder in civilized history Susan Scott Parrish examines how these and other key figures from entertainers Will Rogers Miller Lyles and Bessie Smith to authors Sterling Brown William Faulkner and Richard Wright shaped public awareness and collective memory of the event The crises of this period that usually dominate historical accounts are war and financial collapse but The Flood Year 1927 allows us to assess how mediated environmental disasters became central to modern consciousness
