decisions In contrast to most scholarly publications that primarily focus on travel literature of former colonial nations this volume includes a broader range of travelogues depicting cultures worldwide spanning from the eighteenth to the twenty first century It thus offers with its comparative approach not only a geographically wide selection but also an historical dimension to the political aspects of travel writing Although most travel literature generally has followed the Horatian principle to instruct and delight the armchair traveler the authors of this volume clearly address the broader political implications of travel and travel writing within networks of naked politics such as international or interior conflicts emigration laws or national propaganda They also reveal how insidiously political messages are dissimulated through travel writing

Sufferings in Africa James Riley, 2015-09 Listed by Abraham Lincoln alongside the Bible and Pilgrim's Progress as one of the books that most influenced his life few true tales of adventure and survival are as astonishing as this one Shipwrecked off the western coast of North Africa in August of 1815 James Riley and his crew had no idea of the trials awaiting them as they gathered their beached belongings They would be captured by a band of nomadic Arabs herded across the Sahara Desert beaten forced to witness astounding brutalities sold into slavery and starved Riley watched most of his crew die one by one killed off by cruelty or caprice as his own weight dropped from 240 pounds to a mere 90 at his rescue First published in 1817 this dramatic saga soon became a national bestseller with over a million copies sold Even today it is rare to find a narrative that illuminates the degradations of slave existence with such brutal honesty
