Mobile Payment and Customer Behavior. Where does Germany stand? Adrian Demuth,2023-06-06 Essay from the year 2020 in the subject Business economics Investment and Finance grade 1 University of Applied Sciences Ludwigshafen course Finance und Economics language English abstract Mobile Payment represents a global trend of the future which is already commonplace in some countries This trend needs to be examined and analysed more closely Which effects does Mobile Payment have on the consumer and which problems might be the reason for the different acceptance and spread of Mobile Payment These questions are discussed in more detail in the following paper which deals with the topic of Mobile Payment and consumer behaviour Taking photos or videos checking for news chatting with friends while watching videos The role and the impact of smartphones and its mobile apps has changed more and more over the last years For most people it has become an indispensable tool While going out for shopping of groceries or clothes people nowadays just carry their most important things with them These are often their keys wallets and smartphones But the number of these things could decrease further in the next few years due to the technological developments of the smartphone For example unlocking smart locks via Bluetooth enabled smartphones or regarding the elimination of the wallet the development of Mobile Payment systems The Smartphone is the central medium of the future which will have to bridge

the gap between easy usability and secure and fast processes Especially concerning Mobile Payment which represents a new way of paying via smartphone New providers are offering payment methods and a changed purchasing behaviour of end customers increasingly determines the product landscape and the market shares of these payment systems Interestingly however Mobile Payment is a very controversial topic The controversy can already be seen here if one briefly looks at the global spread and acceptance of Mobile Payment While in Germany currently only about 25% of all people are users of Mobile Payment 71% of all people in Chinese use Mobile Payment systems *iPhone For Dummies, 2025 Edition* Guy Hart-Davis, 2024-10-29 All you need to know about the most popular smartphone on the market in terms anyone can understand iPhone For Dummies 2025 Edition covers the iPhone basics as well as the features of iPhone 16 and earlier models You ll also learn how to navigate the new iOS 17 release to make phone and FaceTime calls send texts and messages get online play games shoot video and all the other amazing things your Apple smartphone can do Guy Hart Davis a longtime Apple expert and Dummies tech author extraordinaire shows you how to set up your phone to work with your life Customize your settings including privacy and app permissions and make sure your phone is protected Connect the new iPhone models to your other devices sync your data from your previous phone and learn about the new stuff you can do with updated hardware on the latest models This beginner friendly book makes it easy to become an iPhone power user Discover the updates and features packed into iPhone 16 and iOS 17 Set up your iPhone make it work your way and navigate the interface like a pro Master calling and conferencing with Phone and FaceTime navigating with Maps and beyond Organize and document your life with Calendar Contacts Reminders and Journal Whether this is your first iPhone or your umpteenth iPhone For Dummies is the must have resource for using your new device to its fullest *Investors Chronicle* ,2007
