*Fanfiction as Queer Healing* Alice M. Chapman-Kelly, 2024-10-31 Exploring the phenomenon of Femslash fanfiction fan narratives that bring together heterosexual female characters from mainstream media and fiction this book analyses fan authored works as forms of literature worthy of studying at length. It examines the anti racist feminist sapphic fan works produced in response to white supremacist heteronormative queerbaiting mainstream fantasy and argues that they represent a significant site of queer healing for marginalised audience members. Focusing on the Swan Queen fandom where fans pair the white trash heroine Emma Swan and the villainous Latina Evil Queen Regina Mills from ABC's hit show Once Upon a Time Alice Kelly redresses the widespread academic neglect of queer female fandoms and responds to urgent calls to diversify fan and fantasy scholarship. With reference to complex theoretical subjects such as ethnography sociology psychology and decolonial queer film and media studies the book also delves into the alternative timescales on which queer female and genderqueer fan authorship runs offers intriguing insights into fanfiction narrative structures and tackles the issues of broader fandom representation and contextualization. Making the case that fan texts deserve attention in the academy Kelly shows how some of the most prolific fan works have the ability to enact colour reparation and a reclamation of memory fantasy romance maternity childhood parenting and magic. These fictions serve fan communities as a whole through intersectional challenges to the power dynamics of the source text and within the fandom itself and as the book demonstrates offer attendant validation to fantasy fans who have been repeatedly told that the genre is not for them.
