Edward James Conran

Reddit This Month:

The January 6th Report Elizabeth Holtzman, Select Committee to Investigate the January 6th Attack on the US Capitol, 2022-12-27 The most important political investigation since Special Counsel Robert S Mueller III's probe into Russian influence on the 2016 election of Donald J Trump The full report by the Select Committee to Investigate the January 6th Attack on the United States Capitol will feature facts, circumstances, and causes related to the assault on the Capitol Complex. Formed on July 1, 2021, the Select Committee has issued over one hundred subpoenas and held over a thousand witness interviews. The report will provide the results of investigations into interference with the peaceful transfer of power, the preparedness and response of the United States Capitol police and other federal, state, and local law enforcement, and the influencing factors that fomented the insurrection and attack on American representative democracy engaged in a constitutional process. The Select Committee investigation and the January 6th report will join the Mueller Report, the 9/11 Commission Report, the Warren Report, the Starr Report, and Watergate as one of the most important in history. The January 6th Report will be required reading for everyone with interest in American politics for every 2020 voter and every American. Featuring a foreword by Elizabeth Holtzman, a lawyer and political leader who was a Democratic Congresswoman from New York, Holtzman has a unique perspective on the situation as she served on the House Judiciary Committee charged with investigating the Watergate scandal and prepared articles of impeachment that precipitated the resignation of President Nixon.

The Dark Social Toija Cinque, Alexia Maddox, Robert W. Gehl, 2023-11-07 This book explores how people interact online through anonymous communication in encrypted, hidden, or otherwise obscured online spaces. Beyond the Dark Web itself, this book examines how the concept of dark social broadens the possibilities for examining notions of darkness and sociality in the age of digitality and datafied life. The authors take into account technical, moral, ethical, and pragmatic responses to ourselves and communities seeking to be belong in the dark. Scholarship on the Darknet and Dark Social Spaces tends to focus on the uses of encryption and other privacy-enhancing technologies to engender resistance acts. Such understandings of the dark social are naturally in tension with social and political theories which argue that for politics and acts to matter, they must appear in the public light. They are also in tension with popular narratives of the dark recesses of the web which are disparaged by structural powers who seek to keep their subjects knowable and locatable on the clear web. The binary of dark versus light is challenged in this book. The authors' provocation is that practices of dark resistance, motility, and power are enacted by emerging data cultures. This book draws together scholarship, activism, and creativity to push past conceptual binary positions and create new approaches to darknet and dark social studies. The Dark Social: Online Practices of Resistance, Motility, and Power will be a key resource for academics, researchers, and advanced students of media studies, cultural studies, communication studies, research methods, and sociology. This book was originally published as a special issue of Continuum: Journal of Media Cultural Studies.

The Hidden Psychology of Social Networks: How Brands Create Authentic

Engagement by Understanding What Motivates Us Joe Federer,2020-09-15 From the former Head of Brand Strategy at Reddit comes a proven and thought provoking approach to the digital economy and how brands can create authentic engagement that is rooted in the fundamental motivations behind human psychology. Leading marketing practitioner and thought leader Joe Federer draws on evolutionary biology, anthropology, neuroanatomy, and psychology as well as more than a decade of hands on experience to explain why people act so differently in various online spaces and what they are seeking from participating in each one. With a framework based on Freud's Id, Ego, and Superego model of the human psyche, he demonstrates how the internet is a digital reflection of the collective human psyche and how different social networks correspond to different mindsets. Platforms like Reddit to the unfiltered Id, Facebook and Twitter to the managed Ego, and Instagram to the ideal Superego. In the same way you behave differently when you're home alone, out with friends, communicating with family, or interacting with coworkers, people act and express themselves differently in these various online spaces. Context matters. Understanding this will enable you to develop and execute effective engagement strategies to reach your target audiences on each social network. Learn how to create content that drives sharing and word of mouth, how brands can fit natively into different types of social channels, how to balance branded social presences across different networks, why authenticity will only grow in importance to consumers. Fascinating and deeply compelling, *The Hidden Psychology of Social Networks* will equip you to make vastly more efficient use of your media buys, establish more thoughtful strategies, develop better creative, and in the end, deliver more effective marketing that provides value.

Amelia, If Only

Becky Albertalli,2025-06-10 Amelia Applebaum isn't in love with Walter Holland. He just happens to be her favorite moderately famous, chaotically bisexual YouTuber. Who she just happened to invite to prom. But it's fine. No, for real. If you delete the post, it didn't happen. Okay, maybe her friends are right. She's slightly parasocially infatuated. But Amelia just knows sparks would fly if only she could connect with Walter for real. If only he would host a meet and greet. If only it were just a short road trip away. And if only Amelia could talk her best friends into making it the perfect last hurrah before graduation. Even her newly single, always cynical guitar-toting best friend, Natalie. One thing's for sure: All roads lead to butterflies. But what if Amelia's butterflies aren't for Walter at all?
