Cuba Update, 1992 **Advances in Spatial and Temporal Databases** Nikos Mamoulis, Thomas Seidl, Kristian Torp, Ira Assent, 2009-06-30 SSTD 2009 was the 11th in a series of biannual events that discuss new and exciting research in spatio temporal data management and related technologies Previous symposia were successfully held in Santa Barbara 1989 Zurich 1991 Singapore 1993 Portland 1995 Berlin 1997 Hong Kong 1999 Los Angeles 2001 Santorini Greece 2003 Angra dos Reis Brazil 2005 and Boston 2007 Before 2001 the series was devoted solely to spatial database management and called SSD From 2001 the scope was extended in order to also accommodate temporal database management in part due to the increasing importance of research that considers spatial and temporal aspects jointly SSTD 2009 introduced several innovative aspects compared to previous events There was a demonstrations track which included ten presentations of systems related to the topics of interest In addition to that the event included a poster session with seven presentations of innovative research developed at an early stage For the first time in the SSTD series the best paper of the symposium was awarded and a few high quality papers were selected and the authors were invited to submit extended versions of their work to a special issue of the *Geoinformatica* journal Springer Prior to the symposium there was a two day advanced seminar which hosted three half day tutorials on state of the art topics within spatio temporal data management held by distinguished international researchers **The Audience and Business of YouTube and Online Videos** Louisa Ha, 2018-06-06 *The Audience and Business of YouTube and Online Videos* is a thorough analysis of YouTube audiences and creators of online videos that considers how the coexistence of user generated and professional media content on YouTube makes the site a unique platform in the ever expanding online video industry Using a mixed method approach the authors examine the underexplored business side of YouTube with a focus on product review videos brand videos sponsored videos and online video advertising This book also addresses recent developments such as YouTube Red subscription pay TV and movie services and discusses the future of online video audience research Recommended for scholars interested in media

studies communication marketing and popular culture **The Apple TV Crash Course** Thomas Belle, 2015-03-26 Mac iPhone iPad Apple TV While Apple TV may not get the same press as other Apple products that is about to change For years Apple TV was touted on Apple's hobby product something they tinkered with occasionally but not something they put as much effort in as other Apple products This changed in 2012 Apple announced a slimmed down version of the media device at a price people could actually afford 99 In March of 2015 they dropped the price again to 69 and announced that they would be the first devices to offer HBO's monthly streaming service HBO Now What started as a hobby has turned into a powerhouse The low cost high powered streaming media player has become the best on the market Other companies notably Google Amazon and Roku have tried to create their own media devices but in this author's opinion none of them come close to offering an operating system that just works This guide is an introduction to Apple TV If you are just thinking about making the switch from cable to streaming TV then this book will show you how if you've already made the switch but you want to get the most out of it then it will cover that as well There's something for everyone here so read on **Communication**
