music technology programs can take **The Security Leader's Communication Playbook** Jeffrey W. Brown, 2021-09-12
This book is for cybersecurity leaders across all industries and organizations. It is intended to bridge the gap between the data center and the board room. This book examines the multitude of communication challenges that CISOs are faced with every day and provides practical tools to identify your audience, tailor your message, and master the art of communicating. Poor communication is one of the top reasons that CISOs fail in their roles. By taking the step to work on your communication and soft skills, the two go hand in hand; you will hopefully never join their ranks. This is not a communication theory book. It provides just enough practical skills and techniques for security leaders to get the job done. Learn fundamental communication skills and how to apply them to day-to-day challenges like communicating with your peers, your team, business leaders, and the board of directors. Learn how to produce meaningful metrics and communicate before, during, and after an incident. Regardless of your role in Tech, you will find something of value somewhere along the way in this book.
