One Year in King City High School Cristian Saileanu, 2013-02-10 John Holbrook one of the heroes of this book once told me that he had mused his way to the conclusion that a school is to a community what the skin is to a body You see the rash on your arms and you might think that it s the skin that s sick when actually the disease is somewhere deep inside and it is only reflected in the skin Or conversely when the skin is silky smooth soft and supple and pleasant to the touch it s because the entire inside of the body is healthy It has just occurred to me that I have written a book to illustrate what John said I must confess that at times in order to better move the story along two or three real life persons have been shoved into one or one person has been split up into two Chronology has not been always rigorously followed either and real lives have been twisted to allow the sap of fiction to better flow to the heart and mind of the reader Wait Did I say fiction I ll take that back For this is not a fictional book The stories all of them without any exception the stories they are true And if they sometimes seem far fetched it s only because many times reality is stranger than fiction and also more pitiless and more brutal I have kept some of the original quizzes essays newspaper articles and classroom drawings to give the book its well deserved air of authenticity If you are a teacher you will read the book and nod in agreement If you are a parent now you know a teacher s life is not the bowl of cherries you always thought it was If you are a principal or a superintendent you will naturally want to burn the book in the public square this book is a mirror and you will not like what you see Some of the real names of the characters have been maintained Marina Argueta Elizabeth Ramirez Franklin Sosa Jose Alberto Ochoa and the rest of the Ochoa clan Hector Mandujano aka Camar n and most of the soccer players on the KCHS varsity team have given me kind permission to use their real life names Only one character in the entire book is completely fabricated and I will allow you the reader the investigative pleasure of discovering who that character is

on your own If you like the book please recommend it to your friends to that nasty brother in law of yours who gets drunk on Thanksgiving to the guy sitting next to you in the carpool or to your fellow teacher in the teacher s lounge But don t lend it to him Let him buy his own copy You see I live off the books I sell Author Saileanu Cristian      Scholarships 101 Kimberly Stezala,2008 Author Kimberly Stezala passionately believes that every student should have access to a quality education That s why in this essential and timely guide she provides parents and their kids with step by step tips to approach the scholarship process like pros Filled with inspiring advice from successful students and scholarship providers Scholarships 101 shows aspiring college students how to apply for scholarships that are the best match for their profile and skills create a scholarship application that will stand apart from the rest and impress the judges find the buried treasure of scholarships that aren t necessarily available on common websites and build a team of supporters in their scholarship quest Those students who are fortunate enough to be on the honor roll or are the star quarterback of the football team have access to the best scholarships But what will happen to every other aspiring collegiate those students who have the potential for a great college career but not necessarily the financial backing to attend their top choice school Scholarships 101 offers the extra boost many students need to plan and realize the future of their dreams      *The College Blue Book* Huber William Hurt,Harriet-Jeanne Hurt,1975
