**The impact of the Corona pandemic on music streaming service usage behavior** Virginia Schütze, 2022-05-09 Seminar paper from the year 2021 in the subject Communications Research Studies. Enquiries grade 1 3 language English abstract The purpose of this research is to determine if and how the Corona pandemic affects music streaming consumption. To do this the following research question is posed: How does the Coronavirus affect the use of music streaming services? To answer the research question music streaming consumption was studied and evaluated using recent figures from Finland and America as examples. Hypotheses were made and investigated as to what could be possible reasons for the decline in consumption. In the further course figures from the largest and best known music streaming service Spotify are evaluated to gain further insights. Finally a quantitative survey on music streaming consumption before and after the outbreak of the Corona pandemic is conducted. *Cosmopolitan Magazine*, 1920

**Nothing But Net: 10 Timeless Stock-Picking Lessons from One of Wall Street's Top Tech Analysts** Mark Mahaney, 2021-11-09 Find the winners, avoid the losers and build a solid Tech portfolio for the long run with proven methods from legendary analyst Mark Mahaney. The Tech industry is the stock market's hottest, most profitable sector but it can be a roller coaster ride. Companies with great ideas can end up going nowhere and some that dominate today will be sold at fire sale prices in five years. Sure things can become sore things very rapidly. Nothing But Net provides the knowledge and

insights you need to understand what's really hot to know what's not and to outperform other investors consistently and decisively. Famous for his smart, savvy and unique approach to Tech stock investing, Mark Mahaney provides his 10 proven rules for succeeding as a long term Tech stock investor, explaining everything he's learned during almost 25 years of analyzing internet stocks including: Why revenue growth and customer metrics not earnings are what matter most to Tech investors; How to invest not trade in the great growth opportunities that lie ahead; How to determine when high valuations are a warning sign and when they signal an opportunity. I've watched the rise of some of the leading companies of today: Facebook, Amazon, Netflix, Google and the fall of some of the leading companies of yesterday: Yahoo, eBay and AOL. Mahaney writes: Figuring out which companies really are going to be dominant franchises is an extremely hard thing to do. But those who accomplished this were arguably able to generate some of the best portfolio returns in the stock market over the past generation. Nothing But Net provides powerful advice for the next two decades lessons you can start applying today and use for years to come.
