**The Politics of Canonicity** Michael Gluzman,2002-12-30 This book explores the complex relations among the hegemonic triad of territory nation and national literature that have characterized the modern European nation state In the case of Hebrew literature this triad was unattainable and its components fiercely contested hence the literary field itself was responsible for shaping the nation preceding the nation state itself The Sinner and the Amnesiac Alon

Goshen-Gottstein,Bertrand Badie,2000 This is a detailed study of two intriguing figures in early rabbinic literature shown to be products of the literary creativity of rabbinic storytellers who convey a particular ideology through the image of the rabbinic heroes they portray Elisha ben Abuya considered as apostate and sinner and Eleazar ben Arach known as the one who forgot his Torah **The Chosen Body** Meira Weiss,2004-11-15 This book examines how the social and cultural

paradigms of contemporary Israel are articulated through the body To construct a panoramic view of how the Israeli body is chosen regulated cared for and ultimately made perfect the author draws upon some twenty years of ethnographic research in Israel in a range of subjects These include premarital and prenatal screening the regulation of the body and its imagery among appearance impaired children and their families the screening and sanctifying of the body as part of the bereavement and commemoration of fallen soldiers and the discourse of the chosen body as it surfaces during terrorist attacks military socialization war and the peace process **Language in Time of Revolution** Benjamin Harshav,1999 This book on culture

and consciousness in history concerns the worldwide transformations of Jewish culture and society and the revival of the ancient Hebrew language following the waves of pogroms in Russia in 1881 when large numbers of Jews in Eastern and Central Europe redefined their identity as Jews in a new and baffling world Reviews With his customary versatility and lucidity Harshav has given us a host of new and provocative insights into modern Jewish history This book is an outstanding

attempt to juxtapose the revolution in Jewish life with that of the Hebrew language in such a way that each informs our understanding of the other Yosef Hayim Yerushalmi Columbia University It is no small component of Harshav's success in this altogether fascinating book to have made clear the family resemblance between what is still regularly called the almost miraculous revival of the Hebrew language and the coterie movements of European high modernism in both politics and the arts Modernism Modernity A wise original and stimulating book on the shaping of modern Jewish culture Humane deeply erudite and very satisfying Steven Zipperstein Stanford University Israeli Hebrew Angel S enz Badillos has written is not the result of natural evolution but of a process without parallel in the development of any other language The precise nature of the process is studied in illuminating detail in *Language in Time of Revolution* London Review of Books The crisscrossing among the discourses of literature ideology history and linguistics makes for a heady intellectual experience Harshav writes with great authority and verve His discussions are a model of clarity Alan Mintz Brandeis University Web of Life Galit Hasan-Rokem, 2000 *Web of Life* weaves its suggestive interpretation of Jewish culture in the Palestine of late antiquity on the warp of a singular breathtakingly tragic and sublime rabbinic text *Lamentations Rabbah* The textual analyses that form the core of the book are informed by a range of theoretical paradigms rarely brought to bear on rabbinic literature structural analysis of mythologies and folktales performative approaches to textual production feminist theory psychoanalytical analysis of culture cultural criticism and folk narrative genre analysis The concept of context as the hermeneutic basis for literary interpretation reactivates the written text and subverts the hierarchical structures with which it has been traditionally identified This book reinterprets rabbinic culture as an arena of multiple dialogues that traverse traditional concepts of identity regarding gender nation religion and territory The author's approach is permeated by the idea that scholarly writing about ancient texts is invigorated by an existential hermeneutic rooted in the universality of human experience She thus resorts to personal experience as an idiom of communication between author and reader and between human beings of our time and of the past This research acknowledges the overlap of poetic and analytical language as well as the language of analysis and everyday life In eliciting folk narrative discourses inside the rabbinic text the book challenges traditional views about the social basis that engendered these texts It suggests the subversive potential of the constitutive texts of Jewish culture from late antiquity to the present by pointing out the inherent multi vocality of the text adding to the conventionally acknowledged synagogue and academy the home the marketplace and other private and public socializing institutions

Menstrual Purity Charlotte Elisheva Fonrobert, 2002 This book offers a new perspective on the extensive rabbinic discussions of menstrual impurity female physiology and anatomy and on the social and religious institutions those discussions engendered It analyzes the functions of these discussions within the larger textual world of rabbinic literature and in the context of Jewish and Christian culture in late antiquity 2001, 2001, 1999, 1999, 1999
