Web Based Project Coaching Web Based Project Coaching:

Web Based Project Coaching Yuriy Taranovych, 2013-05-24 The traditional project coaching takes place mostly in a number of face to face coaching sessions However under conditions of time pressure in IT projects a physical presence of coaches could form a bottleneck These facts led to the idea of using Internet technologies to support the project coaching The benefits of the web based project coaching reside in the ubiquitous availability of coaches To enable the web coaching a flexible support platform is required The elaboration of requirements design implementation and evaluation of such a platform is the goal of this dissertation The elaborated concept was applied and evaluated in real IT projects The numerous findings and implications could be gained on the empirical basis
